

House Kills Moves To Cut Size Of State School Board

Senate Takes Steps To Ease Transfer Of School Districts

COLUMBUS, Ohio (AP) — Schools took the legislative spotlight today.

The House Education Committee killed two bills designed to reduce the 23-member elected State Board of Education to a smaller, appointed board.

The Senate Education Committee took two steps to ease the transfer of school district territory and the consolidation of school districts.

One bill approved by the Senate committee would permit the State Board of Education to get the ball rolling on school district consolidations—even across county lines. The other would permit 75 per cent of the residents of any given area to petition for a transfer

from one school district to another.

The actions came shortly before the Legislature recessed for the weekend.

The action killing the moves to change membership of the State Board of Education gave the present board a new lease on life.

Gov. C. William O'Neill has called the present elected board "unwieldy" and Senate Majority Leader C. Stanley Mechem agrees. House Speaker Roger Cloud held out for more time to allow the 15-month old state school board to "get its feet on the ground."

The killed measures to make the State Board of Education appointed instead of elective came from Reps. James McCaffery (D-Cuya-

hoga) and James A. Lentz (D-Fairfield).

The bill to permit the state school board to start consolidation proceedings would permit approval of such moves upon 50 per cent favorable votes of both the school district which would gain area and the district which would lose. The bill is sponsored by Sen. Charles A. Mosher, chairman of the Senate Education Committee.

The bill permitting transfer of school territory on the petition of 75 per cent of the electors is sponsored by Sen. Delbert E. Latta (R-Wood). The procedure would replace county citizen's committees which, under the law, have been permitted to ask such transfers.

The Senate Wednesday passed unanimously and sent to the House a bill to cut from 15 to 8 per cent the percentage of a highway construction project's total cost the department may hold back. The percentage is held back pending acceptance of the completed project.

The bill's sponsor, Sen. I. E. Baker (R-Montgomery) explained: "In these days of projects in the millions, the amount held back by the state is too large. It forces contractors to borrow heavily. The cost of this borrowing is reflected in their bids on highway projects and puts the contractors in a financial hole. This prevents them from bidding on future projects until they get paid for past jobs."

The House passed, 99-29, and sent to the Senate a bill authorizing voluntary deductions from the pay of local and public employees for charitable contributions.

The House approved by voice vote a resolution calling for action to rid Chillicothe of an insect-infested swamp near Adena, home of Ohio's first governor, Thomas Worthington. Construction of a highway into the shrine apparently caused the swamp.

The Senate Taxation Committee recommended passage of a House-approved bill to cut the license fee for buses of privately owned transit companies from a present average of \$300 a year to \$10.

Meanwhile, the Senate Commerce and Labor Committee heard employer groups insist they are asking only for equal treatment in their support of a bill which would ban the use of union dues directly in support of political candidates.

During the first hearing on the bill, representatives of the Ohio Manufacturers Assn., the Ohio Chamber of Commerce and the Ohio Council of Retail Merchants were heard.

The House Education Committee recommended passage of a bill to create a state university in eastern Ohio, but sent the bill to the House Finance Committee because an appropriation to carry out the purposes of the bill obviously would be needed.

Suicide Rate Goes Up During Spring

DALLAS (AP) — A psychiatrist says more people kill themselves in the spring than in any other season. Dr. Louis J. West of Oklahoma City told the Southern Clinical Society that the symptoms of spring fever which bring a feeling of well-being to most persons have exactly the opposite effect on acutely depressed persons, making them feel more discouraged than ever. He said suicides also increase during Christmas and other holiday seasons.

Chicago Girl Weds Alfred Vanderbilt

CHICAGO (AP) — A young Chicago postdebutante, who had ambitions for a stage career, has become the third wife of Alfred Gwynne Vanderbilt, multi-millionaire sportsman, her parents disclosed Wednesday.

Vanderbilt, 44-year-old heir to one of America's greatest fortunes and Jean Harvey, 20, member of a socially prominent and pioneer Chicago family, were married in Mexico City March 12, her parents said.

The bride's mother Mrs. Daggett Harvey said none of the family members attended the wedding. She added that Vanderbilt and his bride now are in Florida and probably will live in his Long Island, N.Y., home.

Vanderbilt, owner of Native Dancer among other famed race horses, was divorced last December by Mrs. Jeanne Murray Vanderbilt in Gooding, Idaho. They have two children. His first marriage, to the former Manuela Hudson in 1938, ended in divorce in 1942. They have a daughter, Wendie.

In recent months Miss Harvey had been in New York City studying dramatics in preparation for a stage career and Vanderbilt had been her frequent escort.

Outlook Is For Fewer, But More Specialized Farms

COLUMBUS, Ohio (AP)—If you are a farmer, here are some predictions affecting you:

1. An increasing trend toward large scale specialization in farming.
2. A continuation of the trend toward larger farms and fewer of them.
3. A greater reward for good management.

That outlook was heard today by a Farm and Home Week audience at Ohio State University, in a talk prepared for delivery by D. Howard Doane, chairman of the board of Doane Agricultural Service, Inc., St. Louis, Mo.

Said Doane:

"The farmer who is not prepared to use men, mechanical power and tools at top rates of efficiency just cannot stay in the game. The increasing proportion of operating costs that are direct cash costs means that a farmer can and will go broke much more quickly these days than was the case some 10 to 15 years ago," preferences of consumers."

The economist said he believed the "most discouraging aspect of the future of American agriculture is our increasing dependence on government . . . Government cannot do something for you without doing something to you."

A panel of university agricultural economists suggested at the annual program some ways a farm operator can increase his farm size without buying or renting more acres. Key to their suggestion was greater volume of production on a given farm.

The most profitable farm of any size, said J. Robert Tompkins, assistant professor in the Department of Agricultural Economics, is the one that uses land, labor, capital and management in the best combination.

V. R. Cahill, associate professor in animal science, reported that farm meat animal production is being tailored to fit the consumer market, and that "This is as it should be, provided the industry is certain that it knows the preferences of consumers."

Butler Home Demonstration Group to Meet

WINONA — The Butler Township Home Demonstration Group will meet Tuesday with Mrs. Carl Herron of RD 3, Salem.

The day meeting will be held from 10:30 a.m. to 2:30 p.m. Those who attend are asked to bring a covered dish, table service and a recipe for the county cook book.

Mrs. Paul Gripp and Mrs. James Rhodes Jr. will be leaders when the topic will be "Food Buying."

The teenage group of girls known as the Anna Nixon Missionary Society of the Friends Church were in charge of the vespers service at

Ruby's Rest Home Sunday evening.

The Mothers Club met last week with Mrs. James Warrington. The short business session included election of officers for the year. The results of the election were Mrs. Joe Arthur, president; Mrs. Elmer Stamp, vice president; Mrs. John Rudebeck, secretary-treasurer.

Mrs. Harold Sidwell was program leader. The topics considered were "What parents owe their children" and "What children owe their parents."

Mrs. James Warrington and Mrs. Elmer Stamp served refreshments.

Miss Nancy Clayton of Alliance favored with a Vibratone concert at the Friends Church Sunday evening.

Ray Camp returned home Tues-

day after undergoing surgery at the Union Hospital at Dover.

A new study course, "Paul's Letters to Local Churches" is a four session course meeting on Monday evenings from 8 to 9:30 in the local Methodist Church.

Rev. Earl Brooks is teaching the course under the sponsorship of the Woman's Society of Christian Service. It is interesting and helpful for men, women, young people and anyone interested in Bible study.

Mr. and Mrs. William Heacock and children visited Sunday in Massillon with Mr. and Mrs. Rolland Prachsel.

The Christian Endeavor of the Friends Church will have a social Thursday evening with Carol Iler as hostess and Susan Waitman associate hostess.

Word has been received here of

the death of Mrs. Allan Carter of RD 2, Cadiz, who was well known by many Winona residents.

Inside Labor By Victor Riesel

Say this for the teamsters: They do better by their ex-presidents than does the United States of America.

Up on the Hill, Congress has been squabbling about voting a \$25,000 a year pension and a few stenographers for such men as Herbert Hoover and Harry S. Truman.

Victor Riesel

But when the Teamsters Brotherhood retires a chief, they do it in style—\$50,000 a year and unlimited expenses, for himself and his wife, for life. Also all homes, traveling expenses and "all secretarial help and services" which the man deems necessary.

This is a blue chip constitution the teamsters have. The U.S. Constitution has only a Bill of Rights. The teamsters' says that its retired president has the right to turn in any bills he rolls up anywhere for anything while working—or "resting."

This was the deal Dave Beck made with old Dan Tobin when the teamsters were having a hard time convincing the bull-voiced octogenarian to retire in 1952.

OLD DAN KNEW his union brethren well and in a convention hotel room roared that he trusted all dedicated to the men behind the wheels—but would they please write it into the teamsters' constitution or he was going back to leading his people. They wrote it in specifically for him and, presumably, those to follow. Dave Beck followed.

There has always been this passionate attachment and personal identification between the teamsters' presidents.

So it comes as no surprise to hear Dave Beck say that he simply borrowed several hundred thousand dollars free of interest from the union's kitty.

There was one moment in Chicago, for example, when Beck refused to face an irate gathering of teamster chiefs who were set to fight him on some issue. He dispatched word through his friend, Nate Shefferman, to the rest of the teamsters' high council that he was going to fly home to Seattle because his wife was not well.

But that was not all. He wanted the union officials to push through a resolution pledging the full support of the teamsters' resources and treasury to him and his wife at this moment of personal crisis.

THE EMISSARY was told that there just happened to be a slight matter of some 35 million dollars

in the kitty. Dave said the hell with it.

He had served his teamsters well, he shouted, and he wanted that resolution passed. It didn't go through. And Beck flew back to Seattle, dependent only on his own millions.

These are not inconsiderable. That's what's surprising about Beck's unsecured borrowing from his unions. He just didn't need to save the \$10,000 or \$12,000 in interest charges.

His own financial activities are so intricate that he once set up something called the "B and B Investment Co." This gathers the money made by all other Beck ventures—including most of his union salary.

It is strictly a personal, unincorporated outfit established on the advice of his income tax experts, who are many and who have much to keep them busy—especially these days.

Much has been written about Beck's real estate companies, mortgages on the homes of the husky men who live in a cluster around his own home and his Wall Street transactions.

Typical of these are his Alaskan ventures which do over a million dollars worth of business in that territory alone.

SO THERE SEEMS to be no sense in his borrowing from the unions. But Beck never really makes senseless moves. Somewhere there's a mighty startling story in all this.

Some of the senators on the select committee want to know, for example, how long it took between the time Beck borrowed the several hundred thousand dollars and the time he repaid the money.

They're asking, who really owns the real estate for which the borrowed union money paid.

Did the union own the gift parcels? Suppose those chunks of land had lost their value? Would Beck have lost it personally or would the union have been taking the cut?

If Beck had the money to return the loans in an emergency, why did he borrow the dough? If not, wasn't he jeopardizing heavy union dues money?

All this the Senate committee is probing and will reveal even if Beck takes the fifth and refuses to come up with his records.

The committee has his personal income tax returns. And with those you can't argue.

Social Affairs

Program Is Held By GOP Women

At least three members of the Salem Republican Women's Club will attend the Spring Conference of the Ohio Federation of Republican Women's Clubs May 2, 3, 4 in Cincinnati.

Attending from the local group will be Mrs. Letha Asbury, Mrs. Charles Snyder and Mrs. J. H. England. Plans were made when the women held their monthly meeting Tuesday night in the Ruth Smucker House.

Mrs. Russell Huston, vice president, presided. Committee reports included a report on the Salem Federation of Women's Clubs given by Mrs. W. D. King.

Mrs. King announced plans for the federation-sponsored antique show set for May 17, 18, 19 in the Memorial Building. A discussion followed.

A request was received from Mrs. Katherine Kennedy Brown, Ohio National Republican committeewoman and president of the Ohio Federation of Republican Women's Organization, who was a guest speaker at the club recently. Mrs. Brown asked for copies of the papers prepared by the Salem Book Club for the February meeting that she might use them for patriotic meetings throughout the state.

Atty. W. J. Hunston gave an illustrated talk on his visit to Washington, D.C., for the presidential inauguration.

A social hour followed. Refreshments were served buffet style from a table decorated with an arrangement of forsythia. Serving on the hospitality committee were Mrs. Orville Hoover, chairman; Mrs. Donald Cannon, Mrs. Anna Crowl, Mrs. Eva Carey, Miss Anne Connors, Miss Bessie Cook, Miss Lucille Baker, Mrs. James Criswell and Mrs. Troy Cope Jr.

Camp Merrydale Councilor Sought

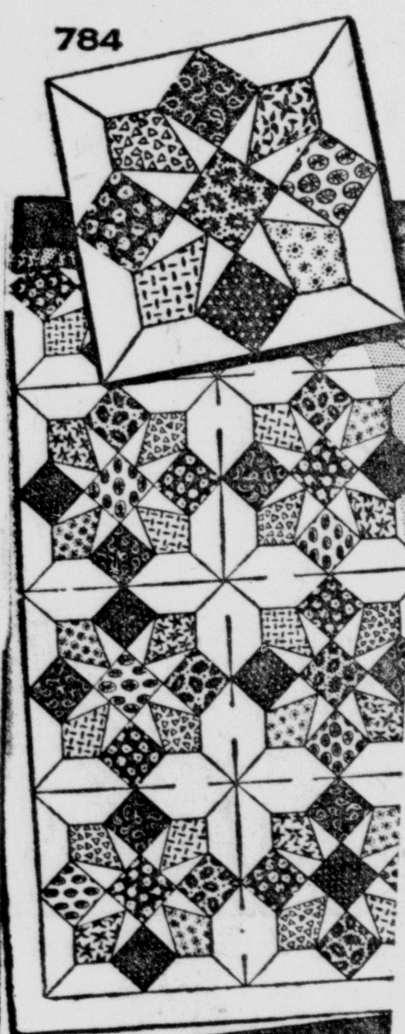

The Salem Council of Girl Scouts is inaugurating a councilor program for Camp Merrydale, according to Mr. and Mrs. Ray Stiver, chairman of the camp committee.

The committee feels there is a need for a camp councilor since there is to be a new pioneer camp site developed and a water program put into effect for the first time. The councilor will advise and assist the leaders and be responsible for the water program.

Applications are available at the Memorial Building and the Girl Scout office. Applicants must be at least 20 years of age, hold a Red Cross water instructor's certificate and have had experience in working with girls and other adults. She will work 36 hours each week for 10 weeks.

Short jacket has an oval look and pegged skirt narrows down at the hemline.

Travelers Club Hears Talks On Virginia

Twenty-six members attended the Travelers Club meeting on Tuesday afternoon at the Ruth Smucker House. Mrs. Harold Muser presided at the business session.

Mrs. George Koontz and Mrs. John D. Mulford presented the subject, "Virginia — A Neighboring State Celebrates." Mrs. Koontz explained that the 350th anniversary of the founding of the Virginia colony will be observed this year.

Mrs. Mulford described the Shenandoah Valley which lies between the Blue Ridge and Allegheny Mountains. She told of Winchester, Mount Vernon, Monticello and Williamsburg, the 18th century center of Virginia's political and social life.

Mrs. Maurice Sandrock gave an account of Virginia's stately homes. These 18th century tide-water estates are the ancestral homes which link the past with the present, she said. Each plantation was a small community and from these came many leaders of the nation, she continues.

The final meeting of the year will feature a spring tea Tuesday afternoon. Mrs. Arthur Hoyle of Alliance will be guest speaker.

Mrs. Fails Hostess To Philathea Class

Miss Martha Park conducted the devotions when the Philathea Class of the First Baptist Church met Tuesday evening in the home of Mrs. Irene Fails of S. Union Ave.

Mrs. Ben Kupka presided at the business session. Mrs. J. W. Bennett is teacher of the class. Games were enjoyed, and refreshments were served by Mrs. Fails and her associate hostess, Mrs. Ruth Blackburn.

U. S., Czech Olympic Stars To Be Married

VIENNA (AP) — Harold Connolly, U. S. Olympic hammer throw champion, disclosed today that the Communist Czech government has given him permission to wed Olga Fikotova, the Czech Olympic discus star.

Harold met Olga and won her heart at the Melbourne Olympic games.

In a telephone call from the home of his fiancée's parents in Prague, Harold said he and Olga would be married in the Czech capital on March 27.

He said the Czechs had given Olga permission to leave the country at any time and he plans to take her as his bride to Boston, Mass., where he is a high school history teacher.

The Czech government had kept the 26-year-old Connolly and Olga, 24, dangling since March 6 on their plea for permission to marry.

Connolly went to Prague late in February to press his suit, and Olga went personally to President Antonin Zapotocky to present her plea to be allowed to marry the American.

The state's permission was necessary for a Czechoslovak national to marry a foreigner. The government apparently was particularly reluctant to lose one of its star athletes.

The U. S. State Department had no objection to the match. "We believe in romance," U. S. Secretary of State Dulles told a news conference on March 5.

Leetonia

processes of your industrial establishment."

The board chairman also urged Berg's to execute "serious prosecution" of engineering studies proposed in cooperation with Leetonia as well as to submit to the division of sanitary engineering of the Ohio Department of Health a progress report of Berg's experimental studies.

In the reports to the engineering department, Dwork said that Berg's should report the time required to complete a test program, and to render a "sound decision" with respect to the successful disposal of the plant's industrial wastes.

At the March 7 Council session, a letter from Dwork was read, specifying a four-point program to be carried out by the village following the renewal of the village sewage permit, to expire Aug. 15.

At that time, Council was told to "submit progress reports setting forth the results and tentative conclusions of the experimental studies for determining the feasibility of treating industrial wastes from Berg's" in addition to reports on municipal sewage.

Replacement of preliminary sludge and removal mechanism must be executed and the village must insure proper operation of the present plant, the pollution board then informed Council.

The state health department on Feb. 6 told Council that action should be taken to insure adequate treatment of sewage, saying that new digesters must be obtained to handle sludge and an elevated settling tank should be purchased.

The U. S. State Department had no objection to the match. "We believe in romance," U. S. Secretary of State Dulles told a news conference on March 5.

Sewage Rates Raised

To handle the costs of improvements, Council on Feb. 20 raised the sewage rates in the village from \$2 to \$6 a quarter, effective April 1.

The health department had recommended such an increase because Leetonia residents pay only one-fifth or one-sixth percent of the sewage rates paid in surrounding towns.

Extensive tests of the village and Berg Bretzel company waste products will begin soon under the direction of a state health department consulting engineer, who will be assisted by D. D. Heffelfinger, village chemist. Daily tests of waste products will evaluate their effect on sewage plant facilities.

Army field engineers will come here April 1 to survey the area and to complete a conclusive study of the village flood problem, it was announced in a letter from Col. Roy S. Kelley, executive officer of the Army corps of engineers.

Council had written March 7 to Col. Kelley, assuring him that full cooperation by the village would be given to solving the problem. At the March 6 Council meeting, it was decided the village would assume half the costs of raising the Madison and Washington St. bridges, with Columbiana County sharing in the other half.

Col. Kelley stated that the survey would begin April 1 although its actual initiation "will be contingent upon suitable weather conditions."

Street Extension Okayed

A four-foot extension of Summit St., the dirt road next to the North Side High School, was approved by council. The road will upon completion be 34-feet wide, ensuring proper parking space for vehicles.

Cost of replacement of sewers on Summit St. will be shared by the Leetonia School Board and the village, with each paying \$400 for the improvement. Joe Snyder of the Columbiana Construction Co. will complete the job in the near future.

The Summit St. area has been bulldozed and cut out, preparatory to paving, after the widening and sewer replacement improvements are carried out, officials say.

The 1957 appropriation ordinance of \$105,280 was passed by the council.

May Expand Cemetery

In other business, two Oakdale cemetery board members appeared before council requesting the purchase of 33 acres of land adjacent to the cemetery. Tom Miller, board president, and Tom Cope, board member, asked Council to consider buying 15 acres of land owned by Loretta Cosma for \$9,000; and an 18-acre site owned by Fred Brennan for \$14,000.

Council tabled the request until the April 3 meeting, when the cemetery board members will present costs estimates to include grading and seeding costs.

Councilmen Joe Weikart and Vic Hedl were asked to check cables on the three safety lights at Leetonia intersections. The request was based on reports that the cables were loose.

A proposed ordinance which would demand that motorists exercise caution when school buses stop within the village to discharge students was referred to the safety committee for investigation.

Bruce Cox and Delmar Smith of the Ohio Fuel Gas Co. were presented to hear the final reading of the ordinance calling for gas rate increases. However, voting on the ordinance could not be held because of a lack of members present.

Miss Nicolette presided at the session in lieu of Mayor Paul Sevich, who is ill. Other council members present were Hedl, Weikart, Paul Casey.

Also at the meeting were Village Solicitor Ed Greenamyer and Village Clerk Michael Burick. Frank Citino, another council member, was absent.

Teamsters

said he was reserving his constitutional rights.

This left a question whether Beck would turn over his records once he did appear.

McClellan commented that he did not know the meaning of Beck's "reservations." He said the committee will meet Tuesday to "undertake to ascertain just what those reservations mean."

The hearing, now in its fourth week, started out with testimony linking Teamsters officials with vice operations in Portland. Witnesses said the officials tried to "take over" law enforcement in the city.

While the rackets phase of the inquiry slipped into the background the committee dug deep into Brewster's operations — his racing stables, his investments, his use of union funds for non-union purposes. Brewster has said he plans to repay the union whatever he owes it.

Brewster was questioned at length about the dissolution of a racing stable he operated in partnership with George Newell, who now, as an insurance broker, receives a \$300,000 a year commission on union pension fund insurance contracts.

The committee asserted that Brewster "came out with a profit of \$40,000. Newell, with a loss of \$40,000," although a witness said Newell put up most of the money for operating expenses.

Brewster insisted that he and Newell still were negotiating a settlement and "I'll give him a note and it will be paid."

Brewster told about investing \$47,000 of Western Conference of Teamsters union funds in purchase of Campbell soup stock and \$46,000 in a Canadian gold mining stock.

He said seven teamsters officials and friends are paying for the Campbell's soup stock at \$100 a month plus interest, while the union holds the stock.

He said the mining stock is held entirely by the union. It has declined about 50 per cent in value, Brewster said, but he was "sure" it eventually would show a profit.

Brewster said he and Beck have been getting about \$6,000 a year each from a filling station they own jointly. He said it is across the street from the Teamsters Union building in Seattle, and is patronized by union-owned vehicles.

Workshop Cancelled

LISBON—The Columbiana County Public Health and School Nurses Workshop scheduled for Wednesday at the Courthouse has been cancelled because all three guest speakers are unable to attend.

CHARGED WITH DRAFT EVASION — An unusual sight at the Federal Building in Chicago is this group, members of Amish sect from Hazleton, Iowa, gathered in corridor outside U. S. District Court where Abraham Y. Bontreger, 23, with paper, pleaded innocent to charges of draft evasion. Government said the Amish man, who refused to serve in armed forces because of his religion, has been classified as a conscientious objector, but has refused to work in a suburban Evanston hospital.

Township To Hold Special Election

The Columbiana County Election Board today started preparations for a special election May 7 in the West Local School District on an 8-mill operating levy after a resolution requesting the vote was certified by the Board of Education.

The election will be held on the same date as the primaries in other communities, but it is a special election for the township, which has no primary, Frank R. O'Hanlon, board clerk, explained.

The vote affects the three precincts of West Township — Bayard, East Rochester and New Chambersburg. A 60 per cent affirmative vote is required for approval.

O'Hanlon estimated the special election will cost the district about \$400, including \$300 to man the precincts with six-man crews. Ballots will be printed by the Wilson Printing Co. of East Liverpool. The county will pay the cost of poll books which are considered a permanent record.

35 Hear Talk On 'Tight Money' Market

LISBON — Thirty-five attended the Columbiana County Real Estate Board meeting Wednesday evening at the Wick Hotel. Eight bank representatives and savings and loan personnel, and a number of building contractors heard Ford E. Linzie, insurance program representative of the Cleveland office of the Federal Housing Administration discuss the present "tight money" market.

A question and answer period followed Linzie's talk.

Pre-School Clinic Set At Calcutta Friday

LISBON — Approximately 50 children are expected to be examined at a pre-school clinic at Calcutta School Friday morning.

Dr. C. S. Palmer, county health commissioner, and Dr. E. G. Kuhlman of East Liverpool will be in charge, assisted by county health nurses and the school nurse.

House Group Votes Further Budget Cuts

WASHINGTON (AP) — The House Appropriations Committee today took another big stride today in its budget-cutting drive by recommending reductions of \$114,926,700 in new funds requested for the Labor and Welfare departments and related agencies.

It urged the House to appropriate \$2,866,350,881 for the fiscal year starting next July 1 instead of the \$2,981,277,581 requested by President Eisenhower.

The major part of the cut was in funds for public assistance grants to states, for which the committee voted \$1,600,000,000. That figure, \$79,400,000 below the amount requested, still is 25 millions more than was appropriated for the current year.

The overall cut of almost 4 per cent hiked to about 800 million dollars reductions recommended by the committee this year in five annual appropriation bills involving presidential requests for about \$13,400,000,000.

On four previous measures, the House has gone along with its committee and cut an extra 21 million dollars. None of the bills has passed the Senate. Bills involving requests for about 60 billion dollars more still are in the House Appropriations Committee.

Largest item in the Labor Department budget was 262 million dollars for grants to states for unemployment compensation and employment service administration. This is 8 millions less than was requested but 12 millions more than was appropriated for this year.

Other Middle East developments: In Jerusalem, Prime Minister David Ben-Gurion predicted another Arab-Israeli war is possible — though probably not within the next few months. A letter from Ben-Gurion to border settlements contained the warning.

Israeli Foreign Minister Golda Meir left New York by plane last night for Israel after emergency talks with Secretary of State Dulles and Hammarskjöld. She said her talks with Dulles convinced her that U.S. and Israeli objectives in the Middle East are identical. But informed sources said she failed to win any assurances beyond those already publicly stated by Dulles and Eisenhower.

Stolen Truck Found By Mahoning Sheriff

A panel truck that had been stolen from the American Laundry and Dry Cleaning sometime Monday night was recovered Wednesday morning by the Mahoning County Sheriff's Department on the Sebring-Pine Lake road, one mile east of Route 14.

Police said the sheriff's office notified them at 10:18 a.m. Wednesday that the truck had been recovered. Police said the fenders on the right side of the truck had been damaged.

The truck was returned to the dry cleaning firm. Thieves had stolen the truck Monday night by entering the store through a window and unlatching the garage doors.

Open, Shut Case For Deputies Backfires

TOLEDO, Ohio (AP) — Sheriff deputies Clarence Merce and Richard Saunders had an open and shut case today, but they didn't appreciate it one bit.

At 3:45 a.m., they radioed their dispatcher to report they found a rear door unlocked at a supermarket. They asked him to send a store employee with a key to lock it.

At 4:15 a.m. they called the dispatcher again, this time by telephone.

"Hey," Merce said, "that guy locked the store but he locked us in."

The dispatcher summoned another store employee who freed the deputies at 5:15 a.m.

County School System To Publish Paper

LISBON—The Columbiana County School News will have its first edition out by April 1, according to plans of the county superintendent's office.

The paper will have information on all the county schools, exchange information, extra-curricular activities, and information that will benefit teachers in the county system.

The paper will be mimeographed in the county school superintendent's office and will be distributed to all county system teachers, board members and other interested persons.

It is expected that this will be the only edition before school recesses for summer, but that the paper will be continued in the fall if it gets favorable comment from the teachers and board members.

Bicyclists Told To Keep Vehicles Off Sidewalks

COLUMBIANA — Arrests will be made of motor vehicle drivers who in the future impede the progress of fire apparatus responding to an alarm, and regulations governing bicycle riding will be enforced, as results of complaints by Chief of Police William McGuckin and Fire Chief Donald Hisey at the meeting of Village Council Tuesday evening.

The police and fire chiefs said a string of cars block the way to the scene of a fire, ignoring a state law that requires drivers to pull over to the right hand curb when a fire truck siren sounds its warning and stop until the fire apparatus has passed.

Several years ago motorists were broken of the habit of thronging to the scene of a fire, but recently there has been a revival of the offense, seriously hampering the fire department in some instances.

Firemen were instructed to take license numbers and cause arrests. Chief McGuckin called attention to the fact that cyclists have been riding their bicycles on sidewalks without restraint and at night without lights in violation of an ordinance. He was instructed to enforce the ordinance. A plan for licensing and tags will be considered.

Grass fires, which have caused the fire department several alarms recently, also came in for discussion. Outdoor fires for other than domestic purposes may not be started without a permit from the fire chief, and it was the sense of council that anyone causing a fire in dead vegetation that required the service of the fire department should pay for its response.

Burning off fields of dead vegetation has been an item of considerable expense to the village, and it was suggested that interested neighbors might get a permit and see that the fire did not get beyond control.

SOLICITOR JACK Kuhlman sub-

mitted a revised ordinance providing that a village employee may pass up his vacation one year and take double the time the next year. It was accepted on first reading.

The chief of police and council safety committee will meet before the next council meeting to consider traffic problems that will develop with the opening of the new plaza market building within three months.

Fire Chief Hisey reported that incinerators in the rear of business places on Main St. are being equipped to comply with regulations.

Solicitor Kuhlman was instructed to prepare an advertisement for a tractor for the street department and the mayor and members of the street committee will visit Cleveland to inspect a rebuilt street sweeper, which may be had for \$4,300. It is estimated that the saving over hand-sweeping would soon defray the cost.

A suggestion by Mayor Calvin that he would like to see parking limitations of some kind in the interest of two drug stores that are open evenings and an accommodation to the public.

Smoking in the assembly room of city hall will be prohibited. After some gatherings there, the floor is littered with cigar butts.

A bid of Louis Kramer to clean the interior walls and windows of city hall for \$279 was accepted. If it is found that the mayor's office needs painting instead, the cost of the paint will be extra.

The board of affairs has accepted a bid of Main Street Motors to supply two Dodge trucks at \$1,825 each. Bids of the Koch Motor Co. for Fords and the Columbiana Motor Co. for Chevrolets were within a range of about \$50 higher.

TWO COLUMBIANA street department trucks, a Ford and a Chevrolet, on their way empty to the Carbon Limestone Co., were badly damaged about a mile east

of Poland on Route 224, when a tire on an O'Hara contracting firm truck blew out, and the truck crashed into the two Columbiana trucks successfully.

Wilbur Dyke, driver of one Columbiana truck, was treated at Salem City Hospital for minor injuries. Frank Steeb was the other Columbiana driver.

Mrs. M. E. Faulds of Boardman,

speaker at the March meeting of the Columbiana Garden Club in the Presbyterian Church, Tuesday afternoon, talked on spring planting problems and fertilizers.

The club will begin in a week or so with dogwood and lilacs, its planting project at the site of the Hanna family memorial in Firestone Park. Mrs. William Arbuckle and Mrs. Leroy Campbell were hostesses for the meeting.

Members of the Columbiana Mothers' Club, at their March meeting in the Methodist church Monday evening, heard Miss Irene R. Blank, former Pittsburgh teacher, tell of her experiences in teaching wayward girls. Mrs. William Newell was welcomed as a new member.

Mrs. Jack Newell was hostess. Mrs. Esther Sontag of Youngstown will be the speaker at the next meeting, which will be at the home of Mrs. Lewis Way, Maple Drive, Monday evening, April 15, when guest night will be observed.

The Village Garden Club, at its meeting Tuesday evening at the home of Mrs. James Weber, 166 N. Middle St., elected these officers: Mrs. Jack Weyman, president; Mrs. Jack Fullerton, vice president; Mrs. Clifford Orr, secretary; Mrs. Blaine Thompson, treasurer.

Mrs. Loretta Foertch of Lowellville demonstrated the making of corsages, which was followed by a workshop. In observance of guest night, 6 guests were present. Mrs. Mount Pursfull Jr., was co-hostess.

Kindergarten Mothers' Club, meeting at Dixon School Tuesday evening, decided to give a smorgasbord dinner for new kindergarten mothers next school year in Dixon School at 6 p.m. Tuesday, April 23. Fathers of kindergarten pupils will meet at Dixon School at 1 p.m. Saturday, March 30 to install a sliding board, recently purchased by the club. In case of rain, the installation will be postponed to the following Saturday, April 6.

Mrs. Virginia Way, Columbiana county Red Cross chairman, reported today that the collection this year in Columbiana and vicinity

was \$2,341.67. About \$2,301 was collected a year ago. The house-to-house canvass this year accounted for \$1,035.67, professional offices \$128, industries \$845, merchants \$277, rural routes \$66.

Mrs. Corrine Gingery Mackall of Columbiana is the sister of Rev. Robert Gingery of New Albany, Ind., Trinity Methodist Church who Monday shot down and killed William Hassett, a 25-year-old bandit who had stolen \$1,655 from the Sellersburg, Ind. State Bank.

Hassett was making a getaway after the theft when he was stopped by Sgt. Marvin E. Walts, a state police veteran of 19 years, who was killed by the robber. Rev. Gingery who was with Sgt. Walts then defended himself and killed Hassett.

New TB Hospital To Be Dedicated

Dwork, O'Neill To Talk At Ceremony

ATHENS, Ohio (AP)—Ceremonies dedicating the state's new South-east Ohio Tuberculosis Hospital at nearby Nelsonville will be conducted March 29.

Dr. Ralph E. Dwork, state health director, said Gov. C. William O'Neill will be speaker at the dedication.

The hospital will be open to public view March 30 and 31.

The 1½ million dollar structure, under supervision of the Ohio Department of Health, will serve all the people of Ohio, Dr. Dwork said. He added, however, that it's expected most of the patients will come from a 14-county area bordering by U. S. 40 and the Scioto River.

Counties in this area include Athens, Fairfield, Gallia, Guernsey, Hocking, Lawrence, Meigs, Monroe, Morgan, Musingum, Noble, Perry, Vinton and Washington.

Dr. Dwork said the 77-bed hospital has modern diagnostic and treatment services for tuberculosis patients and outpatients.

The hospital, he said, "will fulfill a long-felt need in southeastern Ohio, and will be a model of tuberculosis hospital design of this size."

The three-story structure was designed by Dan A. Carmichael, Columbus architect.

A staff of approximately 100 will care for patients in the hospital, under the medical direction of Dr. Harold H. Cashman, former superintendent of the Belmont Sanatorium, St. Clairsville. Robert W. Stuart is the new hospital's administrator.

Dr. Dwork said the federal government granted \$350,000 toward construction of the hospital. Cost of equipping the TB center was \$188,000.

Offices, medical services, eating facilities, patient and outpatient services are located on the ground floor. There is an operating room for minor or emergency surgery, as well as a complete laboratory.

Recreation, movies and religious services, Dr. Dwork said, will be held in the 100-seat auditorium, also situated on the ground floor.

There are 17 two-bedrooms and four one-bedrooms on the second floor, providing accommodations for 38 patients. The top floor has beds for 39 patients, accommodated in 17 two-bedrooms and five one-bedrooms.

Some 150 persons from the 14-county area including state legislators, Trudeau Society officials, county commissioners and other health officials have been invited to participate in the ceremonies.

JESUS LOVED THEM

By PATRICK and GARRISON

ANDREW

"One of the two which heard John speak, and followed him, was Andrew, Simon Peter's brother." —John 1:40

Andrew, like his brother Simon Peter, was a fisherman residing in the town of Bethsaida on the shore of Galilee.

A follower of John the Baptist, by whom he was directed to Jesus, he at once recognized the Nazarene as the Messiah, and hastened to conduct Simon to Him.

In the Gospel lists of the Twelve, he is always named among the first four who were called to discipleship.

The Scriptural narrative indicates that during Jesus' ministry, Andrew was a constant companion. He was present at the Last Supper; he was among the group of disciples to whom Jesus appeared after His resurrection; he witnessed the Ascension; and he shared in the glories of Pentecost.

Although he, like almost all the others of the Twelve, did not show open revolt during the trial and crucifixion of his Master, Andrew apparently did not lack courage.

Ancient writers say that he went as a missionary through Syria and adjoining countries, an undertaking which, in those days involved not only the usual hazards of travel, but the likelihood of arousing the wrath of pagan rulers who mercilessly put to death the preachers of the new doctrine of Christianity.

Andrew's travels are said to have taken him through Thrace, Macedonia, Cappadocia, Galatia, Bithynia and Achaia. It is conjectured that he founded a church in Constantinople, but there is no conclusive historical record of his having done so.

Most historians agree that his career had its tragic end at Patrae, a city of Achaia. There the proconsul, Aegaeus, outraged by Andrew's preaching, ordered him to offer a sacrifice to the pagan gods. The Apostle refused, whereupon the Roman governor had him scourged and crucified.

To make his death more painful, he was bound rather than nailed to the cross (commonly held to be in the shape of an X). After hanging in agony for two days, he is said to have died on Nov. 30, A.D. 60.

Later he came to be revered as the chief patron of both Russia and Scotland.

House Cuts 538 Million From Budget Requests

WASHINGTON (AP)—The House Wednesday cut deeper than its appropriations committee had recommended in slicing nearly 538 million dollars from a bill to finance 18 separate federal agencies.

The reduction, as approved by the House on a voice vote, was 9 per cent below the \$5,923,195,000 President Eisenhower had requested to run these independent agencies in the fiscal year starting July 1.

Last Friday, the Appropriations Committee had suggested the total in the bill be whacked by \$516,993,300. But the House went beyond this, trimming another 21 millions.

It did this by wiping out a 19 million dollar fund for stockpiling strategic materials and by snipping two millioners from funds for the National Advisory Committee for Aeronautics (NACA).

Progress Reported In Cancer Studies

WASHINGTON (AP)—"Exciting" progress in medical studies of viruses as a possible cause and cure of cancer has been reported to Congress.

Among other things, Congress has been told that medical researchers of the National Institute

of Allergy and Infectious Diseases have now been able to "train" certain virus strains capable of destroying living human cancers growing in rats.

And Dr. John R. Heller, director of the National Cancer Institute, described virus findings as "very exciting in the last year or so." He said research has learned that certain virus strains can "literally knock a hole" in some forms of cancer.

Cadillac

Speaks A Language All Its Own!

Take a good look at this gentleman as he strides out into the early morning to his waiting car.

In all probability you feel—as we do—that you know a goodly number of things about him.

First of all, we would be willing to venture that he is a man who holds to high standards of achievement.

We would guess that he is held in high personal esteem by his friends and associates.

And we would also suppose that he is a practical man who is keenly aware of the basic value and worth of the things around him.

The reason for all this is not far to seek.

For the motor car that awaits him at the curb-side bears the beautiful crest of Cadillac. And here, beyond all conjecture, is the most eloquent spokesman in the entire realm of possessions.

In fact, the Cadillac car has, over the years, been so closely associated with the leading citizenry of our land that the two have become all but inseparable in the public mind.

And just as these motorists have placed their trust in Cadillac, so Cadillac has given them everything they could hope for in an automobile.

Cadillac has given them unduplicated beauty and luxury . . . unsurpassed performance and comfort . . . and extraordinary quality and value.

* * *

Have you driven a 1957 Cadillac? If not, we urge you to come in and let the car tell you its own thrilling story on the highway.

We think you will agree that this year, more than ever, Cadillac speaks a language all its own!

Tranquilizer Drugs Get Heavy Usage

WASHINGTON (AP)—The Food and Drug Administration has told Congress that doctors in 1956 wrote 34 million prescriptions for tranquilizer drugs.

This data led Chairman Fogarty (D-RI), of a House Appropriations Subcommittee, to remark, "everybody wants to be happy."

"It is a laudable desire," observed John L. Harvey, deputy food and drug commissioner.

Harvey said true tranquilizers "are all drugs which require a prescription" and that, when taken under proper medical direction, "they have been tremendously useful."

Hoover Says Public 'Groans' At Budget

MIAMI BEACH, Fla. (AP)—Former President Herbert Hoover said Wednesday that taxpayers are "groaning" over the record government spending and he warned that inflation is the country's most serious threat.

Hoover, 82, said that if the public took some of the "special interest groups' pressure off Congress" the lawmakers would have a better chance to reduce the government's spending program.

"The purchasing power of the dollar is down every month," said Hoover in an interview.

Hoover is in Miami Beach for his customary bonefishing in the Florida Keys.

Guarding Your Health

Spastic Colon

It is impossible to make any original remarks concerning the condition known as spastic colon or irritable bowel. This is for the simple reason that there has been no new understanding of cause or any particularly new treatment for at least 30 years.

It is necessary, none the less, to discuss this condition from time to time since correspondents are constantly asking about its cause, its treatment and its complications.

Spastic colon (which should not be called colitis since inflammation such as exists in ulcerative colitis is absent) is an exceedingly widespread complaint among members of modern society.

Whether it is always so common is open to question. It is certainly tied closely to the emotions. Therefore, it seems quite possible that the tensions of today and of most of the past half century have led to an increase in the numbers suffering from this disorder.

Another factor which may have led to an increase is the use of laxatives and cathartics. These

are often used excessively and are recognized as a source of irritation in the lower regions of the digestive tract.

Whatever the reasons, uncounted numbers suffer regularly or occasionally from symptoms attributable to irritation of the lower intestines.

These symptoms vary but include such things as excessive rumbling inside the abdomen, discomfort, and alternating excessive hardness and softness of the intestinal waste.

Symptoms are invariably made worse by an emotional upset, by the use of cathartics or laxative foods and by poor and irregular eating habits.

Complete cure or relief from a spastic colon (when it is once firmly established) is hard to come by. It is possible, however, in most instances to bring a considerable measure of relief.

The factors involved in treatment are fairly apparent. When a person is better while on a vacation than while at work, the factor of stress and strain can be considered pretty well proved.

It is also clear that avoidance of

cathartics and laxative foods and eating regularly of bland foods such as cooked cereals, cream soups, custards, and the like instead of more irritating foods will be of benefit.

There is no visible change in the intestines from a spastic colon. A spastic colon will not lead to cancer or any other major complication even though long continued. Probably it should be considered as an unpleasant nuisance rather than as an important disease.

Pike Patrolman Cleared Of Abusing Driver

CLEVELAND (AP)—An Ohio Turnpike patrolman accused of abusiveness in making an arrest has been cleared by Lt. John L. Bishop, patrol chief. Bishop said Tuesday his investigation showed that David Benis, 50, of Cleveland, had no basis for his complaint.

Benis, in calling for the investigation, said Patrolman T. A. Davis used abusive language and spoke so roughly that Benis' 7-year-old daughter began to cry.

When Benis ignored a warning to drive faster and stop causing a traffic hazard, the lieutenant said, Davis arrested him and took him to the Newton Falls police station, where Benis signed a waiver and paid of fine of \$15.20.

Police Release Slaying Suspect

COLUMBUS, Ohio (AP)—Authorities here have released a 51-year-old suspect in the death of a young woman whose body was found in Big Darby Creek Saturday. Officers said the suspect, a painter from suburban Amvet Village, provided a satisfactory alibi.

Sheriff's Lt. Ellsworth Beck of Franklin County said the investigation will now shift to nearby Darbydale, where the woman's strangled body was found by four youths. Her death was ruled a homicide by Dr. Carl Tetrick, acting Franklin County coroner.

County commissioners have posted a \$250 reward for information leading to the conviction of the slayer.

To Open Hospital Bids

COLUMBUS, Ohio (AP)—The Ohio Department of Mental Hygiene and Correction said today bids on construction of a 104-bed adult receiving hospital at Dayton State Hospital will be opened March 26.

The project will be financed with \$750,000 appropriated by the General Assembly and an additional \$250,000 from the 150 million dollar bond issue.

Males' New Taste

By HAL BOYLE

NEW YORK (AP) — The American husband has become the pioneer of the nation's changing food habits.

Papa (not mama) is the new gay gourmet, the Marco Polo of the U. S. family dinner table.

"Husbands let their wives pick out the staple food items when they go supermarket shopping," said Harold Roth, president of the National Assn. of Specialty Foods Trade.

"But the men themselves are more adventurous. They like to explore the shelves for new and different food tidbits that can surprise their cronies with as snacks served during card games or at cocktail parties.

"Their new interest in different foods also is forcing their wives to pep up their menus. A husband no longer is profoundly grateful to come home to a dinner of beef and potatoes. After all, he can get that at a business lunch any day in the week."

This new male interest in a varied diet has spurred the fancy food industry from a pre-war annual level of about 10 million dollars to

nearly 50 million today, a potential market of 100 million within another decade.

An old-time grocer once drily defined a specialty food as "one that gathers dust." That is no longer true. Hundreds of unusual and exotic specialties now are stocked in more than 4,000 fancy food stores across America. Many supermarkets also feature them.

Typical specialty items: "Kiss-proof garlic," imported pate de foie at \$35 a pound, charcoal sauce, mayonnaise in tubes like toothpaste, Japanese smoked oysters, canned kangaroo tail and sharkfin soups—even floral lollipops for the kids.

What has caused this upsurge of interest in out-of-the-ordinary foods?

Roth believes it is a result of prosperity, wider travel, the fact that millions of American men have served overseas, and that desire to put more spice in the routine of suburban living.

But he is annoyed at pranksters who startle their cocktail guests by serving them, unwarned, such dubious delicacies as rattlesnake

meat, fried grasshoppers and fried Mexican worms.

"These things may have a limited circle of genuine admirers," he said, "but they offend the squeamish and make them afraid to try new dishes they might really like."

Damascus Scouts Hold Anniversary

DAMASCUS — Brownie Scouts, Intermediate and Senior Girl Scout Troops of Damascus and their families met in the Goshen Union School house Tuesday evening for a coverdish supper and program celebrating the 45th birthday anniversary of Girl Scouting.

The invocation was given by Rev. William Atchison, pastor of the Friends Church.

The tables were decorated with bouquets of yellow and green flowers and a large birthday cake decorated with the Girl Scout Trefoil and in green and yellow roses, and placed on a low table in the center of the horse shoe table arrangement.

Mrs. Lee Mercer, a former Girl Scout leader cut the cake and served the guest table. Others were served from additional decorated cakes.

The occasion was also the birthday anniversary of Mrs. Mercer. Souvenir programs for the evening were provided for the mothers, and the program, following the supper, included a welcome to sponsors and guests who were Mrs. Charles Roberts of the Mothers Club, Mrs. Ray Danklef of the Garden Club.

CRUISING IN OVERDRIVE — Relief from bumper-to-bumper traffic jams may be found in this new flying gadget called an "aero-cycle." Still in the experimental stage, it is shown in a test flight in New York City. According to Look Magazine, the aero-cycle can travel for 150 miles at 65 miles an hour. It is steered by leaning in the direction you want to go, while holding on to the handlebars.

Church, Mrs. James Cope of the Methodist Church, Miss Mary French of the school, Mrs. Mercer and Mrs. Joseph Bush and Senior Scouts of Mariner Troop. 5. A flag ceremony was conducted by Mrs. Robert Cameron, including the presentation of flags; the pledge of allegiance to the flag and singing "The Star Spangled Banner."

Mrs. Robert Marshall invested a new Brownie Scout Troop. Girls of Troops one and two led by Mrs. Orville Blythe and Mrs. Charles Duriga participated in a candle-lighting ceremony and court of awards.

Church, Mrs. James Cope of the Methodist Church, Miss Mary French of the school, Mrs. Mercer and Mrs. Joseph Bush and Senior Scouts of Mariner Troop. 5. A flag ceremony was conducted by Mrs. Robert Cameron, including the presentation of flags; the pledge of allegiance to the flag and singing "The Star Spangled Banner."

Mrs. Robert Marshall invested a new Brownie Scout Troop. Girls of Troops one and two led by Mrs. Orville Blythe and Mrs. Charles Duriga participated in a candle-lighting ceremony and court of awards.

Brownie Scout Troop 4 led by Mrs. Robert Risbeck and Mrs. Glen Moffett sang a group of Girl Scout songs.

Mrs. Joseph Bush, leader of Mariner Troop 5 presented each girl, and told something of the history of this troop, who began as Brownies of the first troop in Damascus. She presented a special award certificate to Susie Gidley, a former polio victim, who has earned more than 50 badges.

Karen Kerr presented a bronze inscribed statuette to Mrs. Joseph Bush in appreciation of her service.

The Juliette Lowe story was told by Mrs. John Hanna, who also acted as mistress of ceremonies.

The Brownie Scouts of Troop 3 led by Mrs. Blythe and Mrs. Duriga sang the Brownie song and made their contribution to the Juliette Lowe fund.

The meeting concluded when the Brownies, Intermediates and Senior Scouts joined in singing "Girl Scouts Together" and "Taps." Approximately 175 were in attendance.

Susan Blythe acted as leader in

the absence of Donna Cameron when Girl Scout Troop 1 met in the high school in charge of Mrs. Robert Cameron Wednesday after school. The girls discussed the wood badge and other badges to follow. Mrs. Cameron furnished the treat.

Girl Scout Troop 2 met Wednesday after school in the Methodist Church with Mrs. Orville Blythe and Mrs. Charles Duriga, leaders. Eileen Conkle was acting president, and the dues were accepted by Becky Glassburn.

The girls discussed the future work on their badges. The meeting closed by singing "Taps." Refreshments were served by Kay Cameron.

"Naming one of Christ's titles" was given in answer to roll call when the Rebecca Coleman Missionary Circle of the Friends Church was entertained by Mrs. Wendell Santee Tuesday evening.

Mite boxes were distributed for each member to fill and bring to the next meeting. Tentative plans were made to have a mother-daughter banquet in May.

The Missionary Retreat to be held at the Friends Church March 20, beginning at 10 a.m. was announced. Two persons volunteered to assist in the nursery that day, and others will serve coffee.

Sewing quilt blocks was the pastime. Mrs. Carroll Miles presented the program on "Stewardship, and what it means." She read Luke 9: 23-27 and Matthew 27, and two articles, "Jesus' Denials" and "Christ's Call to Us."

Several prayers were offered, and Mrs. William Atchison dismissed with prayer.

Lunch, with St. Patrick's Day appointments, was served by the hostess, assisted by Mrs. Kenneth Cobbs. Mrs. Robert Bell will entertain the group April 9, assisted by Mrs. Clifford Kerr.

Mrs. Charles Roberts entertained the Damascus Garden Club at a luncheon Thursday in the home of her mother, Mrs. Herbert Israel.

Mrs. Raymond Danklef served as president, and Mrs. Thomas Powell, secretary.

Programs for the flower show June 13 were distributed. Flower arrangements were made by Mrs. Donald Phillips and Mrs. Wilson Morlan.

The program consisted of three very interesting and instructive reports presented by Mrs. Frank Delzell, "Conservation"; Mrs. Alton Bye, "Let's Plant Evergreens" and Mrs. Ellis Steer, "Take Care in Pruning."

The next meeting will be held with Mrs. Frank Delzell, hostess, April 11.

A luncheon was served at 1:30

KILLS COP KILLER — Methodist minister Rev. R. W. Gingery, New Albany, Ind., above, shot and killed a bandit who had slain an Indiana state trooper in Sellersburg, Ind. Rev. Mr. Gingery, pastor of Trinity Methodist Church, grabbed a shotgun from a state patrol car and killed William G. Hassett, 25, Louisville, Ky., after Hassett had robbed a Sellersburg bank of \$1,655 and killed Trooper Sgt. Marvin Walts when the latter sought to question him. Rev. Mr. Gingery was riding with Walts, a friend and parishioner, when they got the bank robbery call.

p.m. when Mrs. John Denny entertained the Merry Mixers Club Wednesday afternoon, assisted by her aunt, Mrs. Elizabeth Zurbrugg.

Guests were Mrs. Arliss Lechone of Hanoverton, Mrs. Robert Miskimins and daughter and Mrs. Hoover and daughter of Alliance. Games planned by Mrs. Bernard Ostrosky were presented by Mrs. Leland Knodler, who also conducted devotions. Prizes were awarded Mrs. Denny, Mrs. Allen Stanley and Mrs. Miskimins.

The party for the husbands, postponed from March, will be held April 20 with Mrs. Alfred Gamble and Mrs. Arlan Hoopes in charge of arrangements.

Byrd Says Corporate Taxes To Be Expected To July, '58

WASHINGTON (AP) — Sen. Byrd (D-Va.) said today House leaders have agreed to go along with a plan to increase from a year to 15 months an extension of present rates on corporation and excise taxes.

In view of this, Byrd told a re-

Medium Price Cars Retaining Market

DETROIT (AP) — Medium price automobiles are resisting further invasion of their market by lower price makes, Ward's Automotive Reports said in its current issue.

The trade publication said: "On the basis of March new car sales noted thus far, the low-price field models are continuing to garner 60 per cent of the new auto market."

"This means that between 10,000 and 15,000 persons daily are trekking to the showrooms for such cars, which is equal to the pace at the same time a year ago."

"Accordingly, despite the unexpectedly high increase in '57 auto prices, there has not been any further withdrawal of medium-price car buyers into the low-price class this year."

HIGHWAY POSTS AUTHORIZED

COLUMBUS, Ohio (AP) — The Ohio Department of Highways Wednesday authorized each of the state's 12 division engineers an administrative assistant to handle routine paper work. The post will pay \$7,200 a year to start and increase to \$8,640 after five years. No assistants have been appointed yet, the department said.

Jacob Coxey Jr., Son Of General, Dies At 65

YOUNGSTOWN, Ohio (AP) — Jacob S. Coxey, Jr., 65, who retired in 1954 as president and board chairman of the Industrial Silica Corp. here, died Tuesday night in Hollywood, Fla., where he had been living the last two years. Death was caused by a cerebral hemorrhage.

He was the son of the late Gen. Jacob S. Coxey, who led a march on Washington in 1894 in support of his campaign for economic reforms. Coxey, one of the founders of industrial silica, was in business in Massillon, Ohio, and Chicago before coming to Youngstown in 1929.

In The Service

Army Privates Victor E. Mattevi, 18, son of Mr. and Mrs. Joseph A. Mattevi of Lisbon, and Joseph J. Pahanish, 18, son of Mr. and Mrs. Michael Pahanish of RD 2, Leetonia, completed their first phase of active duty training under the Reserve Forces Act program March 16 at Ft. Knox, Ky. Both youths received eight weeks of basic combat training, which will be followed by advanced individual and unit training.

Men volunteering for the six-month tour of active duty are permitted to finish their military service in local Army Reserve or National Guard units.

Mattevi is a 1956 graduate of Salem High School. Pahanish graduated in 1956 from Fairfield Township High School.

RELEASED ON BOND

LISBON — Albert James Huff, 22, of East Palestine, who was bound over to the April Grand Jury by Mayor Russell Harvey of East Palestine for altering a check, was released on \$500 bond today. He had been confined to the county jail since March 15.

Coal Pipeline Found Clogged At Carrollton

CARROLLTON, Ohio (AP) — One reason the world's longest coal pipeline clogged and won't open on April 9 as scheduled is that pumps wouldn't force the slurry up a steep hill south of here.

In a deep wooded ravine about five miles south of here, a Plain Dealer reporter located a hastily excavated pond containing tons of slurry emptied from the clogged line. The slurry is a mixture of powdered coal and water, about half and half. Some of the coal particles in the mixture were larger than the line could carry up a steep grade, the newspaper said it had learned.

Since the 108-mile-long, 12½ million-dollar pipeline broke down in its first major test four weeks ago, Pittsburgh Consolidation Coal Co. has rebuffed newsmen's attempts to find out what went wrong.

The line is of 10½-inch steel welded in 40-foot links and runs from Georgetown, Ohio, in the southern Ohio coal fields, to the Cleveland Electric Illuminating Co.'s generating plant on Lake Erie's shore. It is designed to handle 150 tons of coal an hour or 1,300,000 tons a year at a saving of up to 50 per cent over rail freight costs.

The bog-down came in the first leg of the pipeline between Georgetown, south of Cadiz, and the second pumping station at Carrollton.

If you are a competent do-it-yourself man, you should be able to hang a single roll of wallpaper over 36 square feet of wall in 15 minutes.

An outstanding builder of homes tells you...

How Savings Bonds can help you build your DREAM HOME

"Maybe an American family starts with a dropped handkerchief. But somewhere along the line, even before the ring, the dreams start. One of the big things in those dreams is a house of your own, a house that's just the way you want it. And for more than a million American families a year, that dream comes beautifully true when they first cross the threshold of their wonderful new home."

"We've learned plenty from home buyers about what they want in houses and a little bit about how they save that first down payment. Many of the people with whom I've talked found the easiest and surest way to save was by regular investment in U. S. Series E Savings Bonds."

Mr. George S. Goodyear,
President, National
Association of Home
Builders

It's easy to understand why. By putting money in Bonds, people are less inclined to spend it until they've reached their goal. And Bonds are a safe, sure investment. The U. S. Government guarantees your principal in Savings Bonds—up to any amount—and the rate of interest you receive.

If you're saving for the home of your dreams, why not do it the easy way by regular investment in U. S. Savings Bonds? Start today either through the Payroll Savings Plan where you work or by buying Bonds often where you bank.

Bradley, St. Bonaventure Favored In NIT Semifinals

Winners To Play Again Saturday

Memphis State,
Temple May Surprise

By TED MEIER

NEW YORK (AP) — Bradley and St. Bonaventure have been made the early favorites to win tonight's semifinals in the National Invitation basketball tournament, but there will be plenty of support for Temple and Memphis State.

This observer goes along with the minority and picks Temple over Bradley and Memphis State over St. Bonaventure.

Second-seeded Bradley is favored on the basis of its astounding 116-81 Madison Square Garden record - breaking comeback against Xavier of Ohio Tuesday after being down 21 points at 38-17. The Bonnies get the nod because of their 85-68 trouncing of top-seeded Seattle Monday.

"After that performance by Bradley, I don't know how we can beat them," said Temple Coach Harry Litwack. "But we'll be on the floor."

That should be enough for anyone who watched the sick, poised Owls from Philadelphia whip Dayton 77-66 Tuesday. Litwack has a court wizard in junior sophomore Guy Rodgers, who inspires teammates Jay Norman and Mel Brodsky to great heights. They do not figure to collapse as Xavier did before a Bradley all-court press.

In addition, as Litwack pointed out, "our boys like to play in the Garden." Temple has lost only one game in the Garden in five years and that by one point to Ohio State in the Holiday Festival last December.

Memphis State, led by little Jack Butcher, a 5-9 "giant killer" upset Utah and Manhattan and figures to show steady improvement against the Bonnies.

As St. Bonaventure did against Cincinnati and Seattle, the Tigers from Memphis came from behind in each game. They have a strong bench and do not figure to become rattled.

Tonight's winners meet Saturday afternoon for the championship. Tonight's losers play for third place.

Two Top Teams Set To Roll In ABC

FORT WORTH, Tex., (AP) — A pair of the nation's best known teams were to make their bid in the 1957 American Bowling Congress tournament today.

They are Telco Tool and S&Z Tool and Die, both from Cleveland, Ohio.

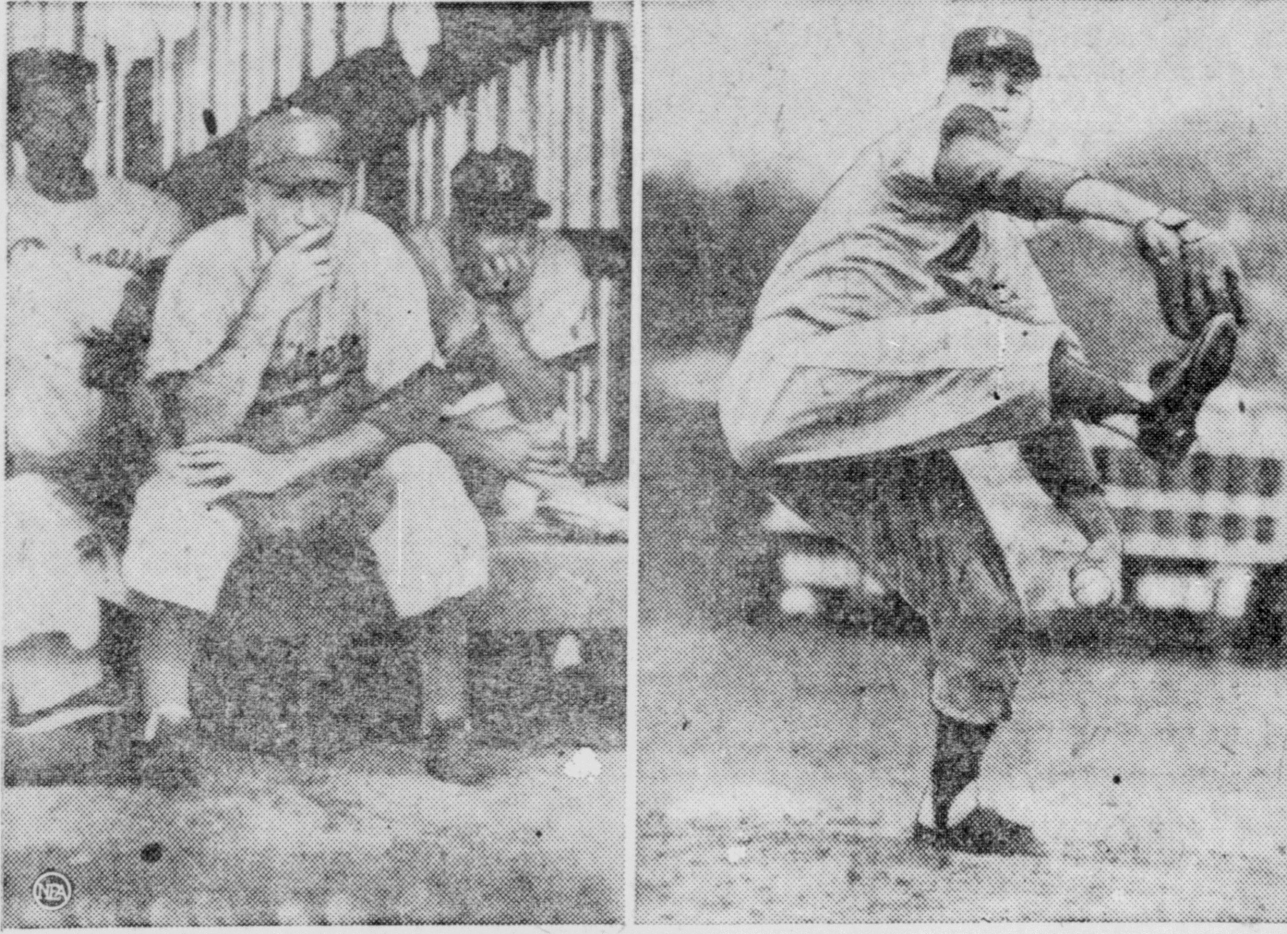

The S&Z lineup includes Walter Ward, who has rolled nine ABC sanctioned perfect 300 games.

Telco has been Ohio match game champion for three years. Frank Salapatek, 32, Blue Island, Ill., shot a 677 to move into fourth place in the singles.

Joe Harris and Joe Gasparovic, Hammond, Ind., collaborated for 1,256 and fourth place in the doubles department.

The singles lead is held by Dean Overholser, Chicago, with 708. Rudy Fassl and Sam Coleman of Cincinnati lead the doubles standings with 1,309.

Cincinnati Redlegs outfielder Frank Robinson doubled in his first time at bat in a major league game.

'HE BETTER MAKE IT' — Walter Alston's worried face as he watches Johnny Podres on the long road back tells you it isn't all laughs for the Dodgers this spring. Podres, star of the 1955 World Series, was discharged from the Navy with a bad back.

Call Him Gutierrez Or Valdes

Cuban Continues To Look Tough On Mound For Dodgers

By JOHN CHANDLER
The Associated Press

It makes no difference to Brooklyn Manager Walt Alston whether they call him the Great Gutierrez or the Mighty Valdes. All Alston knows is that the skinny 6-3 Cuban with a smoking fast ball may be around Flatbush a lot longer than most people thought.

Rene Gutierrez y Valdes, who had a 22-8 record with Portland of the Pacific Coast League last season, displayed more of his classy hurling Wednesday as the Dodgers edged the St. Louis Cardinals 2-1 in an 11-inning exhibition game at Vero Beach, Fla.

Rene added three more hitless and scoreless innings in his second appearance as a Dodger. He walked two Cardinals, and another reached base on an error, but none got past first.

In his Brooklyn debut Sunday, Valdes came to the mound with the bases loaded and none out in the eighth against the Detroit Tigers. Five of the Tigers popped up and the sixth bounced back to the box as Valdes preserved a 3-2 Dodger victory.

Valdes is known in Latin America as the Great Gutierrez, which is his father's name. At Portland it was the mighty Valdes, his mother's maiden name.

Valdes is signed to a contract with Los Angeles, Brooklyn's new Coast League farm club, but if he keeps up this kind of pitching he could move to Ebbets Field.

Elsewhere: The Detroit Tigers, smarting under criticism of Manager Jack Tighe after losing 8 of 10 exhibitions, clubbed four Pittsburgh pitchers for 11 hits, including a two-run homer by Charley Lau, to defeat the Pirates 8-4.

'Kite Day' Contest Set Here Saturday

The Salem Park Commission will sponsor a city-wide kite day contest Saturday from 1:30 p.m. to 4 p.m. at the Centennial Park ball field.

The contest is open to all age groups, and trophies will be awarded to winners in the following categories: 1, highest kite; 2, kite with most string used; 3, most unusual kite that flies; 4, largest kite; and 5, smallest kite.

Trophies also will be awarded to the youngest contestant and the oldest contestant.

Lee A. Burton, superintendent of parks and recreation, states that the contest will include three separate divisions — boys, girls and adults. Last year, over 300 contestants entered the competition, Burton said.

Kites for the contest may be purchased or home made. Adequate seating is available at the park for those wishing to attend the contest.

Judges are: Rev. John Bauman, pastor emeritus of the Emmanuel Lutheran Church, representing the Ministerial Association; Floyd W. McKee, representing the Salem Chamber of Commerce; Al Carlos, representing the Salem Park Commission; and Allen Wright, president of the McKinley school Parent-Teacher Association.

On Your Mark...

Facts and Fancies About Sports

By MARK MILLER

Two former Salem High basketball stars, Richard Hunter and Jack Alexander, have just completed successful seasons playing college basketball.

Starting for the freshman team at Western Reserve University, Hunter was the leading scorer all season with a total of 176 points, an average of 22 points per game.

Winning seven and losing only one in the last seconds of the game 71-70 to John Carroll, Western Reserve compiled an average of 78.5 points per contest, compared to opponents' 62 points a game.

"This year's W - R freshman team is the best one record-wise the school has ever had," said Art Rosenberg, school athletic publicity director.

Hunter's high for the season was 32 markers against Case made on 12 fielders and eight foul shots. Other season high totals for Richard were most field goals in one game, 12 against Fenn and John Carroll, and most free throws in another contest, 13.

Hunter holds the single season record for an individual set last year for Salem High School as he totaled 405 points. The old record was held by Bob Payer, who tallied 358 points for a single season.

Richard is the son of Rev. and Mrs. R. J. Hunter of 169 N. Union Ave.

NOT A STARTER, BUT SEEING plenty of action in 30 of the 34 varsity games for Pueblo Jr. College, Jack Alexander averaged 6.1 points per contest. Pueblo's record speaks for itself, with 23 victories and 6 losses, to rank them fifth in the nation's junior college standings.

The team which is entered in the National Junior College basketball tournament next week at Hutchinson, Kansas will make their bid for championship laurels.

Alexander was particularly deadly with a one-handed jump shot from the side court for the Indians. As Salem fans well know, he also is an outstanding rebounder and clever ball handler.

The Indians clipped the baskets for an average of 80.2 points per game in their 34 encounters. Defensively they held their opponents to an average of 61.2 points per game.

Jack holds the High School record for four seasons scoring a total of 1050 points from 1952 through 1956. Bob Payer held the old record of 919.

Alexander is the son of John W. Alexander of 189 Wilson St.

Extends Track Five Yards For K. Of C. Meet

CLEVELAND (AP) — Two things will be different about the hurdle and dash events at the 17th annual Knights of Columbus track meet in the Arena Friday night. The distance has been lengthened five yards and Harrison Dillard won't be competing.

This year a section of the oval board track will be built so it can be removed to lengthen the distance available for the dashes. Hitherto, when run inside the oval, the dashes were limited to 45 yards. That made meet records somewhat meaningless, because no other indoor meet is under 50 yards.

The shorter distance also gave added advantage to the runners who were quickest to get off the blocks. That was a factor in Dillard's favor as age began catch-

ing up on "Bones," the veteran Olympic star out of Baldwin-Wallace College here. Last year Dillard won the high hurdle event for the 11th straight year.

Batting it out for Dillard's hurdles crown and for the new Harrison Dillard trophy will be two Olympic champions.

One is Milt Campbell, decathlon champion whom the Cleveland Browns hope to draft for professional football after his Navy service and final season at Indiana.

The other is Lee Calhoun of North Carolina, who tied the 50-yard meet record at Milwaukee earlier this month at 6.1 seconds. He has lost to Campbell three times this year.

A sizzling 50-yard dash also is in prospect with Ira Murchison of Chicago, a junior at Western Michigan, and Willie Williams, who went to the Army from Northwestern, the chief rivals. These two, while in the service in Germany, established joint claim to the 10.1-second world record mark for the 100 meters in 1955 in the German Games.

Chevy is
America's "hot" car
—officially!

Chevrolet Wins Coveted
Manufacturers' Trophy at
Daytona Beach as "best
performing U. S. automobile!"

Want facts about performance?

Then look at the official figures from NASCAR's* internationally famous Daytona Beach competition for stock cars. Here's what you'll find: Chevrolet, in two weeks of blistering competition, proved itself as America's Number One performance car. Nothing in the low-price field could touch it.

No other car, regardless of price, scored such a sweep. And Chevy walked away with the famous Manufacturers' Trophy, hands down!

The 1957 Chevrolet is, by all odds, the most astonishing performer ever produced in the low-price field. Best of all, this superiority isn't limited to just a few extra-cost high-performance models. Every type of Chevy—from the six-cylinder models right up to the 283-horsepower "Super Turbo-Fire" V8's, from the single-carburetor V8's with Powerglide to the stick-shift "270's"—is a championship car.

Chicagoans Win In Golden Gloves

CHICAGO (AP)—Chicago's Golden Gloves team had the golden touch Wednesday night as it decisively battered a New York team in scoring its most outstanding triumph in the intercity boxing bouts.

The Chicago bombardment was set-off in two explosive TKO victories.

Uncertain Air Is Noted In Red Sox Camp

By JOE REICHLER
SARASOTA, Fla. (AP)—An air of uncertainty surrounds the Boston Red Sox training camp.

The Red Sox can finish anywhere from second to fifth without raising an eyebrow. They have a fine hitting outfield, good catching and fair pitching but they also have what is probably the most porous infield in the league, they sadly need a lefthanded pitcher or two and two of the club's most dangerous batters — Ted Williams and Mickey Vernon — are nearing 39. The Red Sox finished fourth — 13 games behind last year.

Mike Higgins, starting his third year at the helm after a happy and one disappointing season, is neither optimistic nor pessimistic as he discussed the Red Sox' pennant chances.

"Our chief problem," Mike conceded, "is the infield, of course. The loss of Don Buddin to the service has hurt us a lot."

If Higgins had to open the season tomorrow, he probably would have Dick Gernert at first base, Gene Mauch, the retrained 31-year-old former National League, at second; Billy Klaus at shortstop and Ted Lepcio at third. That would mean that Vernon and Billy Goodman would be warming the bench or at best, share the regular first and second base posts. In Williams (.345), Jack Jensen (.315) and Jimmy Piersall (.293), Higgins owns the best hitting outfield in the league. The trip slugged 58 homers and drove in 266 runs. The catching with Sam White (.245), Pete Daley (.267) and rookie Haywood Sullivan, up from San Francisco (.296), presents no problem.

Our pitching figures to be better," said Higgins. "I thought it would be real good last year but I was disappointed. Frank Sullivan (14-9) has only a fair season, Willard Nixon (9-8) had a sore shoulder, Mel Parnell (7-6) injured his leg and Bob Porterfield (3-12) had a terrible time. "Dave Sisler (9-8) had a good first season and should be better. I look for Tom Brewer (19-9) to develop into a top-flight star this year. I really think we've got enough pitching for a fine staff. That's the one place we've just got to improve."

TO COACH NEW SCHOOL

CANTON, Ohio (AP)—John (Red) Smith, a graduate of Muskingum College, was named Wednesday as football coach at Plain Central High School, which will open next fall near the Canton city limits.

He has been head coach at Marietta College for the last five years. Smith, 36, also will serve as athletic director and supervisor of physical education at Plain Central. He is a native of New Concord, Ohio.

tories in the first two matches and was wrapped up in the final heavyweight bout for a lop-sided 7-1 victory.

Joe Hemphill unleashed punishing combinations to subdue Lee Williams, flabby New York contender from Lowell, Mass., in the heavyweight division. Hemphill, former European Service Champion from Rockford, Ill., was in command all the way against the sometimes bulldozing Williams.

The amateur bouts at the Chicago Stadium, many of them nationally televised, got off to a blitzkrieg start. In the first two scheduled three rounders, Tommy Reynolds registered a third round TKO over New York's Thomas Smith in the 118-pound division, and welterweight Joe Shaw blasted James Chavis for a TKO in 1:10 of the first round.

The only New York victory was achieved by flyweight Albert Pell, who outpointed Pat Moore of Milwaukee. In the series dating back to 1928, Chicago has won 15, New York 7 and there have been 8 ties.

Ernest Terrell, a gangly 17-year-old Chicago high school student, belted muscular Eddie Bramlett but Bramlett got a rousing hand from the small crowd of 6,646 as he withstood the battering without buckling. Bramlett looked like he was out on his feet during most of the light heavyweight match.

In the middleweight bout, Bill Pickett, a former paratrooper from New York, put on a terrific closing rally but it wasn't enough to overcome Ernest McClellon, Chicago laborer. Pickett took a nine-count in the second round and McClellon was down in the third for no count.

Chicago got its fifth straight victory on a decision given Brown McGhee, 17-year-old Montgomery, Ala., high school student, who used a switching style in his featherweight title match against Norman Smith, a Washington, D. C., messenger boy. There were no knockdowns.

Billy Braggs, Milwaukee high school pupil, won the lightweight bout, beating Vincent Shomo, who had scored four knockouts in Golden Gloves competition.

Farrell Suggests Spring Twin Bills

TUCSON, Ariz. (AP)—With the need for trimming major league rosters to 28 by opening day, the possibility of exhibition season doubleheaders was suggested today by manager Kerby Farrell of the Cleveland Indians to aid in screening players.

"Even if I weren't a new manager trying to size up players I didn't know, I think playing 18 competitive innings a day in the spring would be a great help," said Farrell. "I wouldn't say how many doubleheaders should be played, but the more the better."

Farrell thinks most players wouldn't object to spring twin bills. "I know right now, I have men coming to me and asking why they can't play more," said Farrell, an Indian farm system manager from 1947 until his promotion from the Indianapolis managership to Al Lopez' job.

"You hate to think of trimming players from your roster — as you must this year — before you have seen them in at least a few regular season games. The next best thing is to see more of them in the exhibition season," he said.

Former middle weight champion Sugar Ray Robinson says he was born May 3, 1921 but record books list his birth date a year earlier. Former middleweight boxing champ Solly Krieger now is a beachwear manufacturer in Florida.

THOSE MOVING BLUES? — Clown Emmett Kelly, newest addition to the Brooklyn Dodgers baseball club, draws some laughs during visit by Los Angeles, Calif., city officials to Dodgers training camp at Vero Beach, Fla. From left are Kenneth Hahn, member of Los Angeles Board of Supervisors; Dodgers president Walter O'Malley; center fielder Duke Snider, Los Angeles-born and now resident of Fallbrook, Calif.; Mayor Norris Poulson of Los Angeles. Kelly, who did a lot of traveling in his circus days, doesn't seem happy over thought that the beloved Bums could possibly someday switch from Brooklyn to West Coast. Dodger organization recently purchased Los Angeles' Wrigley Field.

Hike In License Fees Eyed By 27 States

By DION HENDERSON
The Associated Press

In twenty-seven states, fish and game officials are asking legislators to increase the license fees for hunting or fishing.

Fifteen of these states are seeking fee boosts for both. Six more states — possibly seven, when the time comes — plan to ask such increases at the next sessions of their legislatures within two years.

Five other states have had increases within the past two years. And this, as the fellow said when he missed the charging rhino, is only the beginning. State officials have known for some time they were in for the inevitable storm that accompanies a sharp upgrading of license fees. Some of them put off the dread day as long as they could, and as a result found — and more are finding — that the increases they get won't even take care of current expenses, to say nothing of expansion.

The widespread and similar troubles of state agencies were rounded up by the Pennsylvania Fish Commission, which is having enough of its own difficulties to appreciate company. Among the boosts in the hopper at Pennsylvania is a proposed increase of the resident fishing license from \$2.50 to \$5.00, which would be the highest in the nation. However, two other states are trying for a tie. California, with a current \$3.00 tag, and Nevada with \$3.50 both are asking for \$5.00.

One state stands against the trend. Louisiana not only is not asking an increase, but the last session of the state's lawmakers approved a reduction of resident hunting fees, and — gallant to the last whack of the gavel — excluded the ladies from the necessity of buying a license to go fishing.

NAMED TO EAST TEAM
KANSAS CITY (AP)—Gene Millard of Ohio State University Wednesday became the seventh player named to the East team for the East-West Shrine basketball game here Monday. Millard will report here Friday, with all other players, to begin workouts.

Wynn Has Trouble Getting Started

TUCSON, Ariz. (AP)—Veteran right hander Early Wynn, who won 20 games for the Cleveland Indians last year, is having a hard time getting started in spring training.

He was ordered to take a rest earlier this week when he developed a high fever and upset stomach due to a virus infection. The 37-year-old pitcher is now undergoing daily heat treatments for what doctors say is inflammation of tendons and perhaps a pinched nerve in his right hip.

A scheduled game between the Indians and the Baltimore Orioles was cancelled here Wednesday because of rain. It was the first time anyone could remember being rained out in the 11 years the Tribe has been training here.

The 1918 Dartmouth College basketball team lost 26 straight games.

Contest Is Held By Model Railroad Club

Thirty engines were entered in competition at an HO draw-bar contest at the Friday night meeting of the Senior Model Railroad Club at the home of Fred Birkheimer of Country Club Drive.

First place went to Chalmers Groves for his shifter 0-40 and second place also was won by Groves for his diesel industrial switcher.

In the diesel road engine F-7 classification, Gary Barnes took first place, with Gayle Paxson, second.

Fritz Birkheimer won first place with his Birkshire steam road engine. Second place went to Clyde Dotson for his Pacific K-4 road engine.

The overall pull trophy was awarded to Birkheimer for his Penn Model T-1.

The club will hold its work night Friday at the club rooms. The next regular meeting will be March 29 at the club rooms.

Busy Braves Confident Of Winning Flag

By ED WILKS

BRADENTON, Fla. (AP)—Near what serves as the Bradenton Square there's an intersection that not only has conventional pedestrian paths, but also walking lanes painted diagonally from corner to corner. When the traffic light stops cars and trucks, everyone hustles, in all directions.

About seven seashell stands and 13 motels away, Fred Haney has achieved the same effect, without lights. At Braves Field, spring home of the Milwaukee Braves, everyone hustles in all directions, too.

This is the way Haney hopes to manage the Braves to that eagerly awaited National League pennant.

Eddie Mathews jogged up to the batting cage, a serious looking, muscular young man.

Someone mentioned the coming pennant race, and the Brooklyn Dodgers.

"We can win it," Mathews answered. "If we all have an average year we'll win it. Last year Logan and Thompson had slumps. And Crandall. And me, too. I had that slump early in the year. You can't have slumps like that and expect to win. But if we all have average years x x x."

What is an "average" year for a young slugger who walloped more home runs before his 25th

birthday (190) than any other better in major league history? He finished with 37 home runs last season and batted .272, and apparently that's below what Mathews thinks "average" should be.

"I'm going to try to hit 40 or

more home runs," he said in a soft, matter of fact tone. "and bat over .300."

Terry Brennan, Notre Dame football coach, majored in philosophy as an undergraduate at the South Bend, Ind., school.

Fair Trade Law To Be Reviewed

Firm Seeks To Sell Under Company Price

COLUMBUS, Ohio (AP)—The Ohio Supreme Court has agreed to study the question whether a person without a contract can sell anti-freeze at a lower price than his competitor who has a contract with the maker.

At stake is a review of Ohio's fair trade laws.

Bargain Fair, Inc. of Mentor asked the high court to release it from an injunction issued in Lake County against the sale of Prestone anti-freeze below the minimum price set in fair trade statutes.

The injunction was issued at the request of Union Carbide and Carbon Co., maker of Prestone.

Bargain Fair and Mentor Brands, Inc. maintained they should not be restricted to the fair trade price since they did not sign a fair trade contract with Union Carbide, and fair trade prices do not apply to non-signers.

The court also:

Refused to consider the appeal of Mayor Joseph Catone of Girard, a Youngstown suburb, from decisions holding that Herman Sackel was entitled to a special permit for a junk yard despite an ordinance ban.

Unanimously affirmed a Mahoning County Appellate Court decision that the Bremer Foundation, Ind., was subject to state succession taxes.

The Foundation was created to handle the estate of the late Richard P. Bremer whose will left his estate in equal parts for medical care of the poor and for the advancement of medical science. The appellate court reversed a probate court ruling that the foundation was exempt from inheritance tax.

Declined to rule on the constitutionality of a 1955 law providing for election of Union County Agricultural Society members in a taxpayer's action by Otto Rausch against the county election board.

Greenford PTA Will Present Play Friday

GREENFORD — A three-act comedy, "Deacon Dubbs" will be presented Friday evening at 8 by a cast of Greenford Parent-Teacher Association members.

Taking part will be John Utterbach, James Justice, Kenneth Cook, James Baxter, Paul Handwork, Mrs. William Turner, Mrs. Jack Emch, Mrs. James Baxter, Mrs. Roland Smith, Mrs. Wilbur Hendricks. The play was written by Walter Ben Bare with Mrs. John Utterbach as director. Calvin's orchestra will also play.

Proceeds will go towards the auditorium curtain fund.

Members of the Greenford PTA have undertaken the responsibility of raising funds to purchase the curtains for use in the new auditorium. The total cost is \$2,700. Members sponsored a supper recently which netted \$300 and a benefit Saturday, \$27. Other fund-raising projects are planned.

East Goshen

Rev. and Mrs. Carl Brand of the Old North Baptist Church in Canfield are holding evangelistic services in the East Goshen Friends Church. The services are in charge of Rev. Ralph Blackburn, pastor.

Mr. and Mrs. Harry Haberland spent the weekend with their nephew and niece, Mr. and Mrs. Harvey Wenner of Cleveland and attended the Home and Flower show and the St. Patrick's Day parade.

Mrs. Leonard Spencer is reported on the sick list.

Mr. and Mrs. Paul Myers have returned from a six weeks stay in Florida.

KRESGE'S

STAFF CHIEF SWITCH — Gen. Nathan F. Twining, left, now Air Force chief of staff, is reported slated to become the next chairman of the Joint Chiefs of Staff, the nation's most powerful military post. He would succeed Adm. Arthur Radford. It is expected Gen. Thomas White, right, would replace Gen. Twining in his present post.

Teen-Age Gangs Making Headlines In Chicago Papers

CHICAGO (AP)—Teen-age gangs now are producing Chicago headlines of the same type the adult mobsters did in the past.

The headlines are over stories of crimes of violence—such as the recent slayings of a boy in a hammer attack and a man in a motel robbery.

"There's no use burying our heads in the sand," comments Walter Devereux, chief investigator of the Chicago Crime Commission. "This city is not safe to roam in and it's getting worse."

But the juvenile division of the Police Department says that, on the basis of the current rate, it doubts that the crime rate for 1957 will be much higher than 1956.

During 1956 there were 12,439 cases noted by the division. The statistics included: larceny of automobiles, 747; burglary, 614; robberies (mostly strong arm), 229. The bulk of the others were in the minor class. The record shows that 4,845 of the complaints were handled by "station adjustment"—such things as quarreling, ringing doorbells and annoying the neighbors that got no farther than

an area police station. But there have been a number of instances of teen-age gang action. Such as these:

An elderly shoe repair man and five youths were viciously attacked by a gang of some 30 toughs, armed with bottles and knives, apparently without provocation. The victims were hospitalized.

Two gangs wrecked a restaurant in an outbreak of rivalry and when thrown out, later returned, fired a bullet through a window and wounded an innocent customer.

A gang preyed on high school pupils, extorting 50 cents to \$2 weekly as protection money.

Another gang specialized in stealing automobile tires and during a one-year period stole \$16,000 worth of tires besides committing five other burglaries.

Thirteen white toughs are reportedly under indictment for murder in the hammer slaying of Alvin Palmer, a Negro teenager who was attacked as he stood at a South Side bus stop.

Four other teen-agers have been indicted for murder in the fatal shooting of Charles Strysky, 48, during a robbery of his suburban Alsip motel.

And so the reports go, day after day.

A crime official recently said: "The only people you can blame are their parents."

Do-It-Yourself Projects Seen Healthy Trend

CINCINNATI (AP)—The trend toward "do-it-yourself" projects in the home constitutes good mental health for families, Mrs. Van Hook Stubbs of Wortham, Tex., told the 1957 National Health Forum today.

Mrs. Stubbs, chairman of the Mental Health Division of the General Federation of Women's Clubs, discussed "Promoting Health in the Home" before representatives of 59 organizations attending the forum.

"Good mental health produces a democratic family," she said. "In this democratic family, all members have a feeling of belonging and being needed. Members... do not try to dominate or control; rather each member is set free to develop his own personality. Yet, parents, in a very wise and subtle manner, must give guidance when the fundamental pattern of good living seems to be in jeopardy."

Similarly, Mrs. Stubbs suggested that adult members of the ideal family "set the pattern for acceptance of authority. Do we exceed the speed limit on a fine stretch of road? Do we pay half fare for a small-sized 13-year-old? Do we report an accident in such a way as to exonerate ourselves from all blame and responsibility?"

Referring to the do-it-yourself trend as "good mental health" for family groups, Mrs. Stubbs continued: "True, parents can complete the project in record time perhaps, but how will John learn if he is not allowed the opportunity by trial and error. By working together we learn the experience of a job well done together. We are productive and have become creative."

Farm Bureau Raps Daylight Saving Time

COLUMBUS, Ohio (AP)—The Ohio Farm Bureau Federation said today it was opposed to proposals calling for daylight saving time.

D. R. Stanfield, executive secretary of the farm group, said a change to daylight saving time would force dairy farmers to begin work at an unreasonably early hour to meet the milk truck pickup schedules.

"When cities go on fast time, farmers in the surrounding areas are affected even though they have not had an opportunity to express their opposition," Stanfield said.

Most of the northeast corner of Ohio goes on daylight saving time next month.

Columbus voters will decide whether to accept fast time in a May referendum. Other central Ohio cities are expected to go on daylight time if Columbus does so.

Space Travel Seen Common In 50 Years

PHILADELPHIA (AP)—Interplanetary travel will become "commonplace" in the next 50 years, World War I ace Capt. Eddie Rickenbacker predicts. "In fact," he told an audience of Rotarians Wednesday, "space ships in the year 2007 will be semi-self-sustaining planets in themselves."

Rickenbacker, who is now chairman of the board of Eastern Airlines, also foresaw the day when "nuclear powered guided missiles will reach speeds up to 25,000 miles an hour."

FASHIONS ON THE FLY—An unusual fashion show was staged recently in the air between Washington and Philadelphia. In the flying audience were wives of Washington and foreign officials and celebrities. Here one of the models parades in the aisle of the airliner showing off a gown and a hat for a critical inspection.

ON THE HEIGHTS—The church of the Sacre Coeur looks down from the heights of Montmartre in Paris. It is in Romanesque-Byzantine style of architecture.

WHICH WAY TO TOYLAND?—People passing in London's Park Lane were surprised to see a taxi driver giving directions to a little girl driving a model car. In reality, this is the new model in children's cars being shown at a toy fair.

WHITE SANDS IN THE SUNSET—The great natural wonder of White Sands covers some 270 square miles 18 miles west of Alamogordo, N. M. This is a view of the dunes taken at sunset. A portion of the Sands has been set aside as a monument.

LIFE'S A SONG IN THIS TOWN

OFFICIALLY, the town is known as Forest Grove, Ore., but once a year it's called "Ballad Town, U. S. A.," the Gay Nineties city, because it is the center for the Northwest Barber Shop Ballad contest. The residents turn the calendar back and return briefly to the era of the hoop skirt and the mustache cup. Fringe-top surreys and

horseless carriages clatter along the streets and stores show turn-of-the-century fashions. Many dress in bustles, bows and frock coats. There are pancake feeds, quilting parties, parades and dancing to tunes popular "when you and I were young Maggie." Highlight of the big feast of song is the national barber shop quartet contest.

Typical of the singing quartets competing for prizes is this nattily-dressed one.

Police officer Phil Wessels samples an apple while the proprietor watches him.

A REAL COOL PLACE—These two visitors are standing near the Mendenhall glacier, near Juneau. This is one of some 300 real glaciers in Alaska. The cold, blue-white of the ancient pressed ice makes this a favorite with photographers.

LOTS OF GAS HERE—There is gasoline rationing in some parts of Europe, but Italy is more fortunate as auto-crammed photo of Rome's Piazza Colona indicates.

Chicken Sauce Is Regal Topping for Waffles

This creamed sauce combination of chicken and cheese is a regal topping for crisp hot waffles.

Keep the sauce warm in a chafing dish alongside the waffle iron and, as the freshly baked waffles are served, quickly spoon over each.

To prepare the creamed chicken, use 1 (1/2 lb.) package proce s s Cheddar cheese, shredded; 2-3 cup water, 1-3 cup instant nonfat dry milk powder, 1 1/2 cups diced cook-

ed chicken or 2 (8-oz) cans boned chicken, 1/4 cup diced pimientos.

Pour water into top of double boiler; add dry milk powder. Stir just until blended. Stir in remain-

ing ingredients. Cook over hot water, stirring constantly, until cheese melts and mixture is thoroughly heated. Serve over waffles. Makes 4 servings.

For the waffles, use 2 cups sifted flour, 1/2 cup instant nonfat dry milk powder, 2 tablespoons sugar, 3 teaspoons baking powder, 1 tea-

spoon salt, 2 eggs, separated, 1-1 3 cups water, 6 tablespoons salad oil.

Sift together flour, dry milk powder, sugar, baking powder and salt. Beat egg whites until stiff but not dry. Beat together egg yolks, water and salad oil; add dry ingredients.

Beat until blended; fold in egg whites. Bake in waffle iron according to manufacturers' directions.

Bake Salmon in Egg Sauce

Salmon steaks are a favorite American dish. Whether iced or frozen, their rich flavor and firm texture make them a favorite in Lenten menus. When baked in a well-seasoned egg sauce (eggs are particularly delicious).

Salmon in Egg Sauce Two pounds salmon steaks (about 3/4-inch thick), 2 tablespoons butter or margarine, 2 tablespoons flour, 1/2 teaspoon salt, 1/2 teaspoon pepper, 1 tablespoon prepared mustard, 1 cup milk, 2 hard-

cooked eggs, sliced; 2 tablespoons chopped parsley.

Arrange salmon steaks in buttered baking dish, 10x6 inches. Melt butter or margarine in a saucepan. Add flour and stir to blend. Stir in salt, pepper and mustard. Gradually add milk, stirring until smooth. Cook over low heat, stirring constantly until thickened. Pour sauce over salmon steaks, and bake at 375 degrees F. (moderate oven) about 20 minutes or until fish flakes easily when tested with a fork. Garnish with sliced eggs and parsley.

Shrimp Newburg is another seafood treat for Lent and any other time of the eating year.

Shrimp Newburg One pound packaged (precooked, frozen) fully peeled, deveined shrimp, 1/4 cup butter or margarine, 2 1/2 tablespoons flour, 1/4 teaspoon salt, dash cayenne pepper, dash nutmeg, 1 pint coffee cream, 2 egg yolks, beaten; 2 tablespoons sherry or 1 tablespoon lemon juice, to taste.

Thaw shrimp. Cut large shrimp in half. Melt butter; blend in flour and seasonings. Add cream gradually and cook until thick and smooth, stirring constantly. Stir a little of the hot sauce into egg yolks; add to remaining sauce, stirring constantly. Add shrimp; heat. Remove from heat and slowly stir in sherry or lemon juice. Serve immediately on toast points.

When you are cooking chicken for broth, and are planning to hold the cooked poultry and liquid overnight, refrigerate the chicken meat and the soup in separate containers.

Two Recipes For Lenten Files

We had lunch last week with Gertrude Austin of Los Angeles. She is one of the most respected home economists in the country and coming from the land of lemon groves, she naturally talked about the importance of fresh lemons with fish and sea food dishes.

Here are two recipes from Mrs. Austin for your Lenten files. Both are delicious and both are sparked with fresh lemons.

Broiled Salmon

One pound fresh salmon steaks (or frozen salmon or 1-pound can red salmon), 3 tablespoons fresh lemon juice, 1 teaspoon grated lemon peel, 1 tablespoon grated onion, 1/4 teaspoon dried marjoram, 1/2 teaspoon salt, 1/2 teaspoon pepper, 4 tablespoons vegetable oil, lemon wedges.

Prepare salmon.

Mix together the other ingredients; pour over salmon; marinate 15 to 20 minutes.

Preheat broiler. Broil salmon 5

to 6 inches from heat or about 10 minutes on one side. Turn; brush with lemon sauce and broil 8 minutes or until tinged with brown.

Garnish with parsley and serve with plump lemon wedges. Variations: swordfish, halibut, sea bass.

Swordfish Steak

Two pounds swordfish steak (fresh or frozen), 1-3 cup vegetable oil, 3 tablespoons minced green onion tops, 3 tablespoons chopped parsley, 1/4 teaspoon paprika, 1 tablespoon soy sauce, 1/4 teaspoon grated lemon peel, 1-3 cup fresh lemon juice, 1/4 teaspoon salt, 1/4

teaspoon pepper, lemon wedges. Cur swordfish into serving pieces.

Heat oil in skillet; add onion and parsley; cook until light brown. Stir in the remaining ingredients and simmer until blended.

Cover swordfish with this sauce and allow to set for an hour.

Heat broiler and broil swordfish steaks 3 to 4 inches from heat for 10 to 15 minutes on each side. Serve hot with plump lemon wedges. Variations: sea bass, halibut, salmon or cod.

Pre-School Clinic Set For Ellsworth

ELLSWORTH — There will be a pre-school clinic at Ellsworth Elementary School on Thursday at 9 a.m.

Parents are requested to bring children that will reach the age of six before Sept. 1.

Mr. and Mrs. Harold Brown, daughter Jo Ann and son Larry returned last Friday from Marathon, Florida where they had been vacationing for a month. During their stay in Marathon they made a plane trip to the island of Cuba.

The Women's Auxiliary of the Ellsworth Firemen will be entertained in the home of Mrs. Robert Terry on Thursday evening, March 21 at eight o'clock. Mrs. Charles Smith will assist Mrs. Terry as hostess.

Mrs. Robert Martin who has been convalescing from an operation in the home of her mother, Mrs. Markota, has returned to her home in Columbiana, O.

The new garage building, erected in the center of Ellsworth by L. P. Berardi is now completed and ready for occupancy.

Mrs. Henry Jones, Miss Bernita Jones and Mrs. Jones' grandsons, Bobby and Billy Terry spent Sunday afternoon at the Cleveland Flower and Home Show.

The Ellsworth Firemen have been called out several times in the last week to extinguish grass fires that have gone beyond control.

Residents are cautioned to use care in burning trash and brush fires while the winds are high and the ground cover is dry.

North Georgetown

Mrs. Mary Borgegrain and daughter Hazel of Canton were Sunday dinner guests of Mr. and Mrs. Ross Borgegrain honoring Mr. Borgegrain's birthday anniversary.

Mr. and Mrs. Charles Somers were Sunday guests of Mr. and Mrs. Clark Van Horn of Canton. Tom Rill, Tom Eddy, Eddie Scott, Ron Reynolds and Bob Meand, members of North Georgetown Champs 4-H Club and their advisor, Ralph Schneider spent Sunday at Pittsburgh. They visited the zoo, Carnegie Museum and attended Cinerama.

Mr. and Mrs. Ross Borgegrain attended the Home and Flower Show at Cleveland on Wednesday.

Emma Naffziger Society of the United Lutheran Church Women held their regular monthly meeting on Monday evening at the church.

Mrs. Gene Williams conducted the lesson study, The Heart Speaks. Mrs. Vera Stackhouse was devotional leader.

Ten members received Life Membership cards and pins giving the Society 100 percent Life Membership.

During the business session in charge of the president, Mrs. Wendell Berger, announcement was made of the Spring Congress to be held in Youngstown on May 5.

A miscellaneous sale was held during the social hour and netted \$27.

A card signed by all members was sent to Mrs. Ida Wyss.

Lunch was served by Mrs. Jesse Galbreath, Mrs. Lee Galbreath and Mrs. Claude Berger.

Mr. and Mrs. Otis Staffer entertained friends on Sunday evening honoring the birthday anniversaries of Mr. and Mrs. Raymond Earnst of Sevakene Lake.

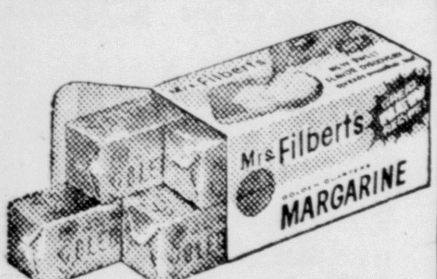

Guests included Mr. and Mrs. Donald Lautzenheiser, Mr. and Mrs. Donald Hoffman and Mr. and Mrs. Harold Hieronimus.

Preschool Clinic To Be Set Up

GREENFORD — A preschool clinic for kindergarten and first grade students will be held from 1 to 2 p.m. Thursday at Greenford School.

Children entering kindergarten must be five years old by Sept. 15 and those enrolling in the first grade must be six years old by Sept. 15. Parents should bring birth certificates and vaccination certificates.

A large number attended the Greenford Parent-Teacher Association meeting Monday evening when Mrs. Harriet McMillin, music instructor, gave a varied instrumental demonstration using Greenford School junior band members, numbering over 50.

Among those who played solos were Leonard Kille, Glen Davis, John Olloman.

At the business meeting it was announced that a play, "Deacon Dubbs" will be presented Friday evening at 8 by a cast of PTA members.

PTA members will serve the Athletic Banquet Thursday evening, April 4.

The PTA Fellowship dinner will be May 13 and PTA members will serve the Ruritan dinner May 20, it was announced.

June 8 has been set for the PTA Festival.

Officer nominations for the coming year are: President, James Justice; vice president, Mrs. Francis Less; secretary, Mrs. Roland Chaffee, and treasurer, Mrs. Francis McLaughlin. Nominations will be in order at the April meeting.

The meeting concluded with a fellowship hour in the cafeteria. William Charlton, student at Kent University, is spending semester holidays with his parents, Mr. and Mrs. Wilbur Charlton.

Tomorrow evening at 7:30 a Lenten service will be held at the Lutheran Church.

Cream one-quarter pound of butter with a couple of tablespoons of prepared horseradish. Use the horseradish butter as the filling for sandwiches made out of very thinly sliced bread. Serve the sandwiches with a shrimp salad.

Teamsters Local Asks For Firing Of Hoffa

CINCINNATI (AP) — Members of Teamsters Local 114 have agreed unanimously to seek an end to the local's trusteeship under James R. Hoffa of Detroit, international vice president of the union.

About 150 members Tuesday night voted to "go through channels" in the move, which means petitioning union president Dave Beck to dissolve the trusteeship.

Tulip Tarts Are Remindful of Warm Weather

Flowers are reminiscent of spring and warmer weather and what could be more appealing than a reminder of the shape of tulip tarts.

Tiny chunks of chopped peanuts give a crisp nut-flavor to the pasty petals and a curried shrimp filling brings the intriguing aroma of the Orient to your dining table. To prepare the crust petals, use 2 cups sifted flour, 1 teaspoon salt, 1/2 cup salted peanuts (finely chopped), 2-3 cup shortening (add 2 ta-

blespoons if using hydrogenated), 1/4 cup water.

Mix flour, salt and peanuts. Cut in shortening. Sprinkle with water; mix with fork. Round into ball. Roll half at a time 1/8" thick. Cut into eighteen 2 1/2" circles. Prick with fork. Overlap 3 circles to line each muffin cup. Moisten and press edges to seal. Bake 8 to 10 minutes at 475 degrees. Fill with shrimp filling. Makes 12 to 14.

For the shrimp filling, use 1/4 cup butter, 1/4 cup flour, 1/2 teaspoon

salt, 1/4 teaspoon pepper, 2 cups milk, 1 teaspoon curry powder, 1 1/2 teaspoon lemon juice, 2 cups cooked shrimp (2 7-oz.) cans, 1 green pepper, chopped fine.

Melt butter over low heat in a heavy saucepan. Blend in flour, seasonings. Cook over low heat, stirring until mixture is smooth, bubbly. Remove from heat. Stir in milk, bring to boil, stirring constantly. Boil 1 minute. Just before serving, blend in lemon juice and shrimp. Spoon into the tarts.

Soup, Salad Sunday Meal

Many families have special Sunday night supper menus that they frequently repeat. When we asked among our friends, we found soup and a salad was a favorite combination for this meal. Often canned or frozen soups are used; other times soups are homemade although they may utilize a prepared soup as a base.

If you are in the mood to make your own soup, here's a recipe for a delicious and nutritious chowder. It uses a can of beef bouillon plus milk, vegetables and cheese as its main ingredients. The pim-

jento-stuffed olives it calls for may be some left from a jar opened for a party; they add tangy flavor. This is a hearty soup—the cheese adds protein and a golden color that looks pretty with the green beans and the red-green of the olives.

After this soup you might like to serve a salad of greens, cold meat (ham, smoked tongue or corned beef) and hard-cooked eggs. Arrange the foods for the salad attractively so this course will look appetizing while your family is eating the soup. Mix the salad dressing right at the table, using olive oil, wine vinegar, prepared mustard, salt, freshly-ground pepper, and any salad herbs. Toss salad ingredients and dressing together in front of everyone — you'll find this little ceremony fun and it also helps stimulate appetites!

Vegetable Cheese Chowder

Ingredients: 1 can (10 1/2 ounces) bouillon (beef broth), 1/4 cup water, 1 cup finely diced onion, 1 cup finely diced celery, 1 cup cooked shoe-string-cut snap beans, 3/4 cups milk, 2 tablespoons flour, 2 cups (1/2 pound) grated cheddar cheese, 1/2 cup sliced pimiento-stuffed green olives 1 teaspoon Worcestershire sauce, pepper.

Method: Put undiluted bouillon 1/4 cup water and celery into a large saucepan. Cover and boil gently until tender — about 10 minutes. Add snap beans and 3 cups of the milk; heat until there are bubbles around the edge of the milk. Gradually stir the remaining 1/4 cup milk into the flour until smooth; add to soup mixture. Cook and stir constantly until slightly thickened. Stir in cheese over very low heat or off heat, until melted. Add olives, Worcestershire sauce and pepper to taste. Reheat gently (do not boil) if necessary. Makes 6 servings.

Real-Life Menus

Here are other menus that several friends tell us are favorites in

their families for Sunday night suppers.

1. Crisp waffles (homemade) with creamed chicken; salad; ice cream. This menu comes from a family with several school-age children.

2. Platter of cold meat (left from mid-day roast) with Swiss cheese, tomatoes and celery; French bread or crusty rolls and butter; coffee. This is from a bride and reflects her husband's tastes.

3. Chow mein, rice, crisp fried noodles; tea; pineapple and preserved kumquats. One family orders the chow mein from a nearby restaurant that caters to "carry-out" orders; in another family the chow mein is made at home whenever a pork roast is served at a preceding main meal.

Dress Up Your Potato Salad

An easy way to dress up potato salad is to add crisp, fresh red apples for color, flavor and crunch texture contrast. If you like potato salad served warm, the apple can go right into the dressing. Start by cooking 3 unpeeled potatoes in boiling, salted water until tender when pierced with a fork. While the potatoes are cooking, place 1 cup sour cream in a salad bowl, add 3 tablespoons lemon juice, 1 1/2 teaspoons salt, 1/2 teaspoon dill seeds, 1 unpeeled red Washington Delicious or Winesap

apple, chopped, and 1/2 small onion, chopped. Peel and slice hot potatoes right in with this dressing. Serves 4.

A delicious apple pudding with a new flavor twist is made with graham crackers, and is both quick and easy to prepare. Combine 1 cup graham cracker crumbs, 4 Washington Winesap apples, pared and sliced, 1/2 cup chopped walnuts, 1/2 cup brown sugar, the juice of 1 lemon and 3/4 cup water. Turn into well-greased casserole and bake, uncovered, in moderately hot oven (375 degrees F.) for 25 minutes, or until apples are tender. Serve warm. Serves 4.

Dice candied fruits fine and add to a custard filling for a white or yellow layer cake. Nice around holiday time!

Dr. Flemming Says U.S. Is At Defense Peak

CLEVELAND (AP)—Dr. Arthur S. Flemming, president of Ohio Wesleyan University, says the United States is at the peak of its mobilization for defense and must stay there until a "spiritual breakthrough" makes lasting peace possible.

Addressing the fifth annual convention of the National Science Teachers Assn. Wednesday, the former chief of the Office of Defense Mobilization said the country's strong points in its mobilization program include:

1. Huge government stockpiles

2. Strategic materials.
3. Ability to retaliate quickly and effectively if attacked.
4. Effective deployment and training of a continental defense command.

Dr. T. Keith Glennan, president of Case Institute of Technology, told the teachers that the key to the country's long-term security is its industrial strength.

Little Dog With Big Kosher Appetite Wins Movie Role

HOLLYWOOD (AP)—A little unkempt dog with a big kosher appetite—only days removed from execution in a dog pound—today is co-starred in a movie with Frank Sinatra, Kim Novak and Rita Hayworth.

It's Hollywood's greatest Cinderella story since Marilyn Monroe and the most unique talent search since Scarlet O'Hara.

Snuffy, a Cairn terrier, ate himself into a \$500-a-week contract to co-star with the famous trio in the upcoming movie version of "Pal Joey."

The script calls for a dog to play Sinatra's pet and eat the same type of kosher food that he does.

Sinatra, director George Sidney and producer Fred Kohlmar were

judges at a canine audition Tuesday night at Nate "N" Al's Elite Kosher Delicatessen in Beverly Hills.

Nine dogs made the finals of the audition, which stems from an Associated Press story of a few weeks ago. Soon after the story appeared, more than 5,000 letters, plus hundreds of phone calls from distant places deluged Columbia Pictures.

A Beverly Hills dog merely sniffed at the audition plate of lox, cream and cheese and bagels.

A huge St. Bernard, complete with brandy keg around its neck, was one entrant. Sinatra shook his head.

"We can have no dogs bigger than the star."

Finally, came little Snuffy, with

his little ears and big eyes. He devoured the bagels and lox like the Russians were in nearby Pomerania.

Bert Morse, a chief inspector for the Los Angeles city dog pound, is Snuffy's owner. He said he had read of the search for a bagel beagle and decided to enter Snuffy. The dog, already nine days in the pound, would have been put to sleep the next day.

Now he is a movie star with a cast that even Rin Tin Tin or Lassie never rated.

As flash bulbs popped from a small army of photographers Snuffy was crowned with a giant sized bagel—a sort of albino doughnut.

It was Hollywood at its publicity best.

A natural bridge as long as a city block, Utah's Sipapu arch, takes its name from a Hopi Indian word meaning "entrance to the underworld."

Salineville

Main Street Width to Be Extended

SALINEVILLE — Plans for the widening of E. Main St. were authorized in village council Friday evening.

Mayor Karl Linder plans to confer with Ohio Power Co. officials about moving utility poles back in the section between High Bridge and Blazy's Bridge as part of the widening project.

Lewis Rose, contractor, has estimated he can excavate the area some 10 inches for about \$600.

The southside of the 500 foot section will be moved back six feet according to the council plan.

The area will be black-topped with the present curb retained un-

derneath to support the sidewalk. The Speech Class of Salineville High School will sponsor a play March 29 at 8 p.m. in the auditorium to raise funds for the annual class trip and other projects.

Mrs. Josephine Shoff will be director.

Mrs. Russell Turner and son of East Liverpool visited Sunday with Mr. and Mrs. Jerry Kelly.

Miss Nelle Tabor has returned

to her teaching position in the local school. Miss Tabor has been ill for several weeks.

Mrs. James Kelly, Mrs. Ada Manning and Loretta Grimm visited in Cadiz and Scio Sunday.

Guy Hurd of E. Main is suffering an injured leg, received in a fall Friday.

The Ga-Lark club will hold a theater party March 28.
